Ten Thousand Attend the School Festival of Divisions Two and Four

With a record breaking crowd estimated at 10,000 people from divisions two and four, the school festival at Schiller Park forest preserve Wednesday was declared as one of the greatest ever held in Cook county. It was a sort of double festival in which an unusual number of schools were represented. The stunt flying and parachute jump ended the day's program and sent the children home, tired but happy.

There were many big events during the day and of these the baseball game attracted as much interest as any. Schiller Park, representing division two played against River Grove representing division four. River Grove won by a score of 15 to 2, and now claims the championship ball team of the two divisions. That team received a pennant, a league bat and a ball. Each player also received a championship medal. This is the second year that River Grove won the championship at the festival.

In the athletic events Elmwood Park won first honors. Elk Grove school Dist. 59, was second and River Grove was third. Each received pennants. With each succeeding festival it appears that the interest and attention in the athletic events becomes divided. The specialty numbers that are given as part of the entertainment program by the individual schools are more elaborate and attractive. These events this year were greatly enjoyed and held the center of attention during the early afternoon.

The Provigo township high school band of forty pieces in uniform made a very pretty picture as they drilled and played. The band from District 85 was also appreciated. Ernest Emil Tager, the champion orator of the county was present and introduced.

The directors and school teachers entered into the enjoyment of the day. In the race for the men directors, Wm. Pohlman, of Mt. Prospect was the winner. The lady directors were not to be outdone and had a race. The winner modestly refused to reveal her name to our reporter, but she is from district 85.

The feature event was the airplane stunts and parachute drop. It is generally known among the schools of Division two that H. J. Byrd, their director of education, is taking flying instruction and the rumor was about the field that it was he in the cockpit of the plane. Such was not the case, however, Mr. Bradford, his instructor, at Palwaukee airport was the pilot that formed almost every known plane stunt, from tail spinning from a height of 5,000 feet, to loop the loop and wing over. On account of the strong wind, W. H. Bollinger, the man in the parachute had a difficult time in landing as he had to go over the top of the field to avoid being carried too far away, that the drop was very fast, so much so that he sustained a few bruises. He left the plane at a height of about 1,000 feet. He had not fallen 200 feet before the parachute opened. The latter came down "on edge" and added still another thrill to the thousands who were watching the demonstration. Such an event was an innovation at a school festival and "topped off" the day's program.

Public Should Ask Phone Employees To Prove Identity

The arrest a few days ago in Chicago of a man who had robbed a number of houses after obtaining admission by posing as a telephone installer has prompted the Illinois Bell Telephone Company to issue a warning to the public not to admit to their homes persons claiming to be telephone employees unless they show identification cards.

Every employee of the Illinois Bell Telephone Company, who, in the course of his work, is required to enter a telephone subscriber's home, is provided with an identification card bearing his photograph, and the company urges householders to require persons claiming to be telephone employees to show this card before being admitted.

V. F. W.-Legion Take Charge of Memorial Day

Arlington Heights will have its customary Memorial Day exercises. A joint committee of the American Legion and the Veterans of Foreign Wars has assumed the responsibility for the proper observance of the day in Arlington Heights. The plans are similar to the ones of previous years.

The exercises and decoration of the graves will all take place in the afternoon, starting with a parade at 1:30 o'clock from the village hall. The marchers will travel down Davis street to Dunton and north on Dunton to Euclid, where the line of march will turn east to Douglas. Reaching the latter place conveyances will be provided to take the marchers to the cemetery for the decoration of the graves.

The program will be held at the cemetery. An effort will be made to hold the regular G. A. R. services. The auxiliaries of the two bodies will have charge of the flowers, but a general invitation is extended to the public to assist and to participate in the parade and exercises. The municipal band will lead the marchers.

Four Pupils Get 99 Pct. in Rural Health Contest

"Two divisions of Cook county's rural school children and their parents held their annual community festival in Schiller Park Wednesday in which the healthiest boy and girl of each division were selected from 67 contestants.

"Three thousand children of the sixth, seventh, and eighth grades in the schools of the two divisions entered the contest last fall. All through the year charts were kept by field nurses and the children were graded on their teeth, eyes, nose and throat, personal hygiene, skin, nutrition and other health factors. The winners of each school entered the division contest.

With sixty-six entrants in the health contest, doctors and nurses were busy from eleven o'clock until three before the last pupil was examined and judged. A thorough examination was made in each case, including both the heart and lungs. The examination was in charge of Mrs. Flynn of Franklin Park. The other county nurses assisting were Mrs. Woolsey, Miss Bachoki, Mrs. Riddes and Miss Jackson. Harriet Fulmer, supervisor of nurses was also present. The examining physicians present were Dr. Doherty and Dr. Niblock of the Chicago Department of Health.

The pupils of the rural schools of Cook county are above the average if the scores made by the contestants at this examination can be considered any criterion. Eleven of the number graded above 97. In addition to the four winners mentioned above, they are Vivian Cummings of Dist. 107; Helen and David Rodman, of Dist. 105; Walter Bernhardt, Dist. 80; Neal Livingston, Dist. 84; Loretta Grewe, Dist. 59; Harriet Neville, Dist. 22; Ruth Pierson, Dist. 80.

Gudrun Jensen, of Schiller Park and Wilbert Busse, of St. Paul's Lutheran school, Mt. Prospect, are the healthiest pupils in Division two. Like honors in division four went to Naomi Lenzi, 11 of Division 105 and to Glenn Jensen, Dist. 83, at Mannheim.

A boy and a girl is chosen from each division. These winners will compete with the winners of the other divisions in the county in a contest at Supt. Tobin's office in June.

Mr. J. Pahlman of Long Grove Dies After Long Illness

Mr. John Pahlman, who made his home with his son, Henry, in Long Grove, died Saturday at the Wheeling hospital, where he had been recently removed. He was cared for by a private nurse fourteen months and although he sustained a paralytic stroke over a year ago, general weakness was the cause of death. The funeral was held Tuesday at Long Grove church with interment in the adjoining cemetery.

Former DesPlaines Man Dies At Chicago Home

Mr. Heitman, 5703 S. Morgan street, Chicago, died Tuesday after an illness of three months. He was operated upon in April.

After residing in Des Plaines a great many years, he moved to Chicago two years ago. The funeral will be held Saturday, May 26, at 2 p. m. at the funeral chapel, 63rd and Howard street. Interment will be at Concordia cemetery.

Deceased is the husband of Minnie Heitman, mother of Mrs. Robert Heitman and Mrs. John Heitman. Heitman, brother of Frank, Charles and Herman.

Arlington Heights Beats Niles Center; Score 10-2

Frank in the boys for Arlington Heights last Sunday, showed a return to his old form, when he trimmed Niles Center 10 to 2. There was not much excitement in the game and the slaughter started in the second frame when Frank knocked a triple, with two men on base. The fifth inning added three more and in the seventh Arlington secured four. The visitors were outclassed.

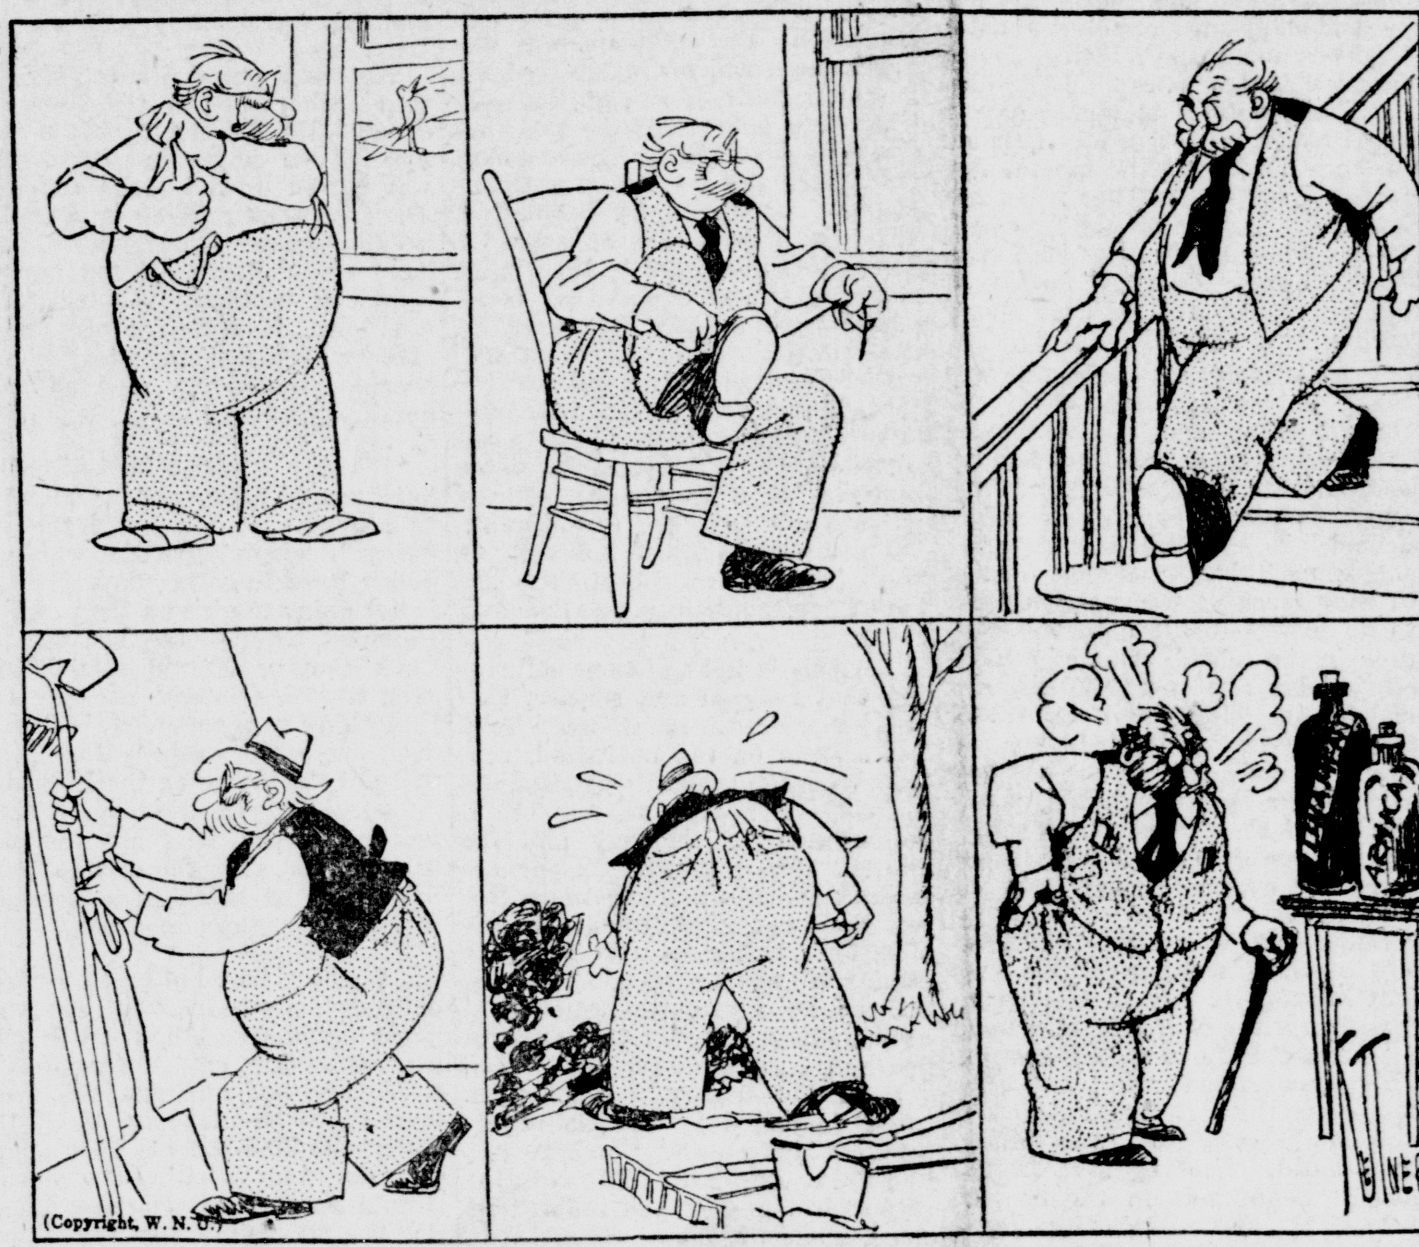

The game for this Sunday will be with the Elmhurst travelers, which is expected to be the hardest game the locals have played this year. A guarantee was necessary to get them to come and Arlington's team will be required to play their best if they expect the largest slice of the money.

HENRY QUINDEL DIES IN CHICAGO

Mr. Henry Quindel, a former resident of Schaumburg and prominent in the affairs of that city for many years, died Tuesday morning at his home in Chicago. The funeral will take place Friday afternoon at the Schaumburg church at two o'clock standard time.

He had been ill for some time. He leaves two sons, Alfred, of Chicago, Frank of Barrington, his wife and his brother, Chas. Quindel of Schaumburg. Full obituary next week.

Our Pet Peeve

FIRE COMES OUT VICTOR AFTER THIRD EFFORT

Palatine Farmer Suffers a \$20,000
Fire Loss Seven Hours After
First Blaze Discovered

Herman Leiseberg, a Palatine farmer residing a mile north of the village of Palatine, lost all of his buildings, including residence, also considerable live stock, machinery, hay and grain, Wednesday afternoon when fire broke out upon his property for the third time that day.

The fire was first discovered about 7:30 a. m. when a haystack was found ablaze. With the prompt response of the neighbors and people from the village the fire was confined to the straw stacks, which with the aid of a tractor were pulled down and the barn was apparently safe.

This fire was discovered by Mrs. Leiseberg and her son, Mr. Leiseberg having taken the milk to town. The second fire was discovered about 1:30 in the air shaft of the barn. Mr. Leiseberg first saw the smoke coming out of the barn. By means of fire extinguishers that had been sent to the farm for the earlier fire by Mr. Orth of the Tibbitts Cameron Lumber Co., Mr. Leiseberg was able to extinguish this blaze. The Palatine fire department responded with the fire truck. With the blaze apparently put out, Mr. Leiseberg thanked his friends for coming to his rescue and sent them home. A half hour later, the hay mow was discovered as a mass of flames. A third call was sent to Palatine. The family could only confine their efforts to removing the horses and some of the machinery that could be easily reached. Almost quicker than it takes to write this account, the barn was a mass of flames and the fire had spread to other buildings. Hand extinguishers and the chemical engine from the village were of little use against such a blaze. The men did their utmost to save the house. A tractor was hitched to the summer kitchen and an effort made to pull it away from the fire path. An adjoining tree stood in the way and it was impossible to move the structure, which action if successful would probably have saved the residence.

The furniture and other household goods were hastily removed. The last to leave the home was Mr. Leiseberg himself, who almost carried out his wife, who was making one last trip to see if anything had been left behind.

By 4 o'clock there only remained the burning embers of what had been one of the most substantial farm homes and barns in its vicinity.

The buildings burned included a barn 42x80, a tool shed and grainery 32x42, two chicken stables 12x18, two buildings 12x16, a milk house and the residence. The stock loss included six hogs and nearly 500 chickens. There were 25 tons of hay, 600 bushels of oats, 100 bu. wheat and barley and considerable farm tools, some of which were practically new.

After the fire, many guesses were made as to the cause of its repetition. Some expressed the belief that sparrows, who were building nests about the barn, had carried some straw that contained a spark. Others thought that the burning rats from the straw stack were to blame.

Mr. Leiseberg estimates his loss at over \$20,000 partly covered by insurance in the DesPlaines Mutual Insurance Co.

NEWS-O-PHOBIA

Nothing About Something—Something About Everything—Everything About Nothing

Chicagoites Note: "The city drains the country of its best men and women and melts them into a mass. It makes inhabitants out of individuals and mere numbers out of persons. Who are you anyway in Chicago or New York among those thundering skyscrapers? You are not a soul, not a person in that squirrel's cage the loop or downtown. Not until you are back in your suburbs and you breathe again the clean air which makes you feel joyously human, are you a real person once more." So says Professor Steiner.

See by the Daily News that not only Bert Laudermilk but his sales managers, Edmunds, Good and Ellison, will build homes in Stonegate. Laudermilk joined the Lions Club Tuesday night and is already a member of the Business Men's Association.

J. P. Morgan earned \$4 serving on County Jury Tuesday. There isn't a harder headed practical business man on Wall street than J. P. But listen to what he said this week: "I have lost more money through lack of faith in men than through faith in them."

Woman's World show in Chicago proves that all young women are not 24's. You know the kind that dances till two and have you broke by four.

Therefore men look before you lip.

Famous Chicagoan, Dr. Noguchi, dies a martyr to fever study in the Gold Coast Colony, Africa. Contracted yellow fever to find causes and cure of the African brand. And we thought that if all sacrificing fools weren't dead they were young Dr. Noguchi was neither young nor foolish. Just disproved the fallacy that all a man has to give will give for his life.

Eastern political leader says that nationally speaking a republican is a man who favors farm relief, tax reduction and flood control. But a democrat on the other hand favors flood control, tax reduction and farm relief. S'bout right.

The Lion Club Member who furnished cigars Tuesday night "What is it, Doctor?" "It's a girl." "Lion: 'Are you sure?'" "Doctor: 'Can't you hear the darned thing?'"

Religion used to be thought an opiate to keep the people quiet. But from conferences and conventions now in session, it looks more like dynamite.

Proverb: A fountain pen floweth most freely just before it runneth dry: So doth a man's words flow most fluently before his ideas run dry.

EARLY EDITION NEXT TUESDAY

The Cook County Herald will be printed one day earlier than usual next week on account of Memorial Day. Correspondents are asked to get their copy in not later than Monday morning, as the Herald will go into the mails that evening, for delivery on Tuesday. Advertisers are asked to have their copy in our hands not later than Saturday.

the one that Palatine will soon receive might have been able to have gotten a water supply from the creek, but Mr. Leiseberg doubts if such effort would have been successful.

PRIZE CONTEST AIDS HOWARD STREET SEWER

The North Suburban Improvement Association announces a prize contest to which public school students, boy scouts, girl scouts and parochial students are eligible. The purpose of this contest is to encourage the coming generation to work toward obtaining membership applications to the North Suburban Improvement Association and signers to the petition urging the Howard street intercepting sewer be built immediately. Public spirited men of the district to be benefited by the building of the sewer have donated a number of very valuable prizes to be given to the successful contestants.

Those in charge of the membership drive predict that a minimum of 5,000 new members will be added to the North Suburban Improvement Association and an equal number will have signed the petition to the Sanitary District Board. The contest closes June 2, 1928. Further information can be had from school teachers and scout masters.

Every contestant must be at least 12 years of age and a member of a grammar school, high school, parochial school or a boy scout or girl scout troop located in Stonegate or the following towns: Park Ridge, Glenview, Niles, Northbrook, Tessville, Des Plaines, Morton Grove, Niles Center and Golf. The contestants obtaining by his or her personal effort the largest number of signed petitions to the Sanitary District Board shall receive the grand prize, which is a beautiful "Old Town" 16 foot, non-capsize canoe, with paddles, valued at \$100.00.

For the purpose of awarding the other prizes the towns will be divided as follows: District No. 1, will consist of Park Ridge, Glenview, Niles, Northbrook, Tessville, District No. 2, Des Plaines, Morton Grove, Niles Center and Golf. In each of these districts the following prizes will be awarded: (winner of grand prize will not be eligible to receive any district prize.)

1st Prize—Ranger Bicycle, value \$50.00.
2nd Prize—Double filled Duck- Wall Tent, 8 ft. by 14 ft. Value, \$40.00.
3rd Prize—Bag of golf sticks.
4th Prize—Lawn tennis net.
5th Prize—Tennis racket and 1/2 doz. tennis balls.
6th Prize—Baseball catchers' mitt.
7th Prize—Baseball fielder's glove.

Ten other prizes consisting of a Louisville slugger baseball bat and a league baseball will be given to the 8th to 17th high in the contest.

The building of the Howard street intercepting sewer will go a long way toward restoring the Des Plaines river to its natural condition of a beautiful clean stream. In a few years fish life will be re-established and the people living in the vicinity will be able to enjoy the fishing, bathing and boating which is now practically impossible.

Everyone is urged to give those working on this drive their fullest support.

RECEIVE HONOR AT ILLINOIS

According to the Daily Illini, a daily issued by the "U" of Illinois, two former Wheelingites, David L. Wiegand and Walter W. Wiegand were among those who were honored by the "U" for their scholastic achievements at the fourth annual Honors' day ceremonies. According to the same paper a poem by Walter Wiegand writing under the non de plume of Eddy Tor appears in the 1928 Scout Book.

Senator Walsh chose to quit, in other words, while the quitting was good.

PUBLIC SCHOOL IN FESTIVAL AND EXHIBIT

The people of Arlington Heights are invited to attend the annual School Festival and Exhibit to be presented by the pupils of the Arlington Heights public schools of the north side of Arlington Heights this Friday evening, May 25th. The program, beginning at 7:15 o'clock will be held upon the school grounds, the weather permitting. In case of rain the festival will be postponed, but the exhibit will be open all evening.

The school band will make its first appearance at this time. This band is the youngest of any school band in this part of the country, but in the few weeks that it has been under instruction it has progressed to such an extent that it can make a creditable appearance.

The building will be open and pupils and teachers have arranged exhibits of their work which they shall be pleased to have you see.

On next Tuesday evening the South School will present a program and exhibit to which you are also cordially invited.

The program for this evening is as follows:
The First Grade will present:
How D'you, My Partner
The Mulberry bush
Hickory Dickory Dock.

Second:
Toy Orchestra—
(a) The Little Drummer
(b) The Blacksmith
(c) The Kitchen Clock
(d) The May Queen
A Folk Dance, Rig a Jig

Third:
Will you come and play with me?
Yankee Doodle Polka

Fourth:
Boys—Newsboy Drill.
Girls—Parasol Drill.

Fifth:
The Awakening of Spring
Characters: Jack Frost, Robin Hood, Spring, Chorus.

Sixth:
A Wand Drill
Seventh and Eighth:
Calisthenics and Stunts
Seventh and Eighth Grade Girls:
Songs—

(a) Naples—An Italian Folk Song.
(b) Beneath the Lilies—Greenway-Parker
(c) Largo—Handel

Start Paving in Arlington Heights

The first cement to be poured for street pavements in Arlington Heights this year was placed upon Belmont street this week. Small jobs on the south side will be ready for the cement next week. The grading work in Stonegate is being rushed and that work will follow. The village board is advertising for bids in this issue for paving on South Mitchell.

Milburn Bros. have other outfits at Glenview and Mt. Prospect and have so much work ahead of them that we understand they will not bid on jobs in other towns.

Lions Club Membership Passes the "Fifty" Mark

Three new members were received into the Arlington Heights Lions Club Tuesday evening, making over fifty active members. The new boasts of the jungle are Henry Hoelt, Bert Laudermilk and George Segebrecht. There are from thirty to thirty-five members present at each meeting and the club is in a flourishing condition.

Credit Men's Ass'n. Near Realization

The Arlington Heights Lions Club is looking forward to a realization of one of their dreams—the establishment of a credit bureau. Practically all of the Lions are business men. Their annual losses for bad debts has become so great that something must be done to stop the leak. An authority on the subject is expected to speak at the next meeting.

American Legion Plans Three Day Carnival

Merle Guild Post of the American Legion of Arlington Heights is making plans for their annual carnival, which will be a three day affair and take place July 26, 27, and 28. The village board has agreed to allow no other carnival to enter the village until after that date.

Lake Zurich Man Falls Dead When at Work

Wm. Tank a plumber employed at Lake Zurich fell dead Thursday morning when employed in the basement of the L. Geary home.

Dance at The Dalebrook

Arlington Park Anniversary Dance, given by the Rainbo Jockeys at the Dalebrook Pavilion, Saturday, June 2. Fun starts at 8:30 p. m. Music by the spicy Roys Royal Rollickers. Admission, Gents, 75c; ladies, 25c.

Prospect Auxiliary To Show at Arlington Hts.

On Memorial day, May 30, and Thursday, May 31, the "Memorial Club of Arlington Heights" will present "Veterans Foreign Wars Players" in a World war comedy-drama entitled "Mrs. Tubbs Does Her Bit," using the stage of the community hall, W. James and Dunton streets, because of the light-effects needed. This comedy-drama has been played three nights in Mt. Prospect to full houses. Mr. Kopplin, the director, says it is one of the best plays of its kind he has ever seen and recommends it to our community. One half the proceeds will be turned over to the "Buddy Fund". Tickets 50 cents per person.

Fourth of July Celebration Is Probable Here

Arlington Heights will have its customary Fourth of July celebration this year. The only question yet to be decided is the matter of who is going to give it. The business men's association has first chance and are holding a meeting this Thursday evening to make a definite decision. The Lions Club agreed at its meeting Tuesday evening to foster the celebration if the business association do not see fit to take charge of the event.

The financial profit at these celebrations in the past have been from \$500 to \$1,000, depending upon whether fire works donations are asked of the individual business men.

Two More Girls Get Into Trouble

Two Lithuanian girls of Chicago were criminally assaulted early Monday morning near Franklin Park. Officer Krotz of the Melrose Park police succeeded in capturing the driver of the car. The escape of one girl from her assailants led to the capture. Her companion was forced to submit to three men.

Chief Krotz was the first to go to the rescue of the girls when he was called by a Franklin Park young man, who with companions, had found one of the girls on Grand avenue. This girl remained at the home of Mr. Krotz, while the officer and the boys went out in an effort to locate the other girl.

The Melrose Park police were likewise notified and the driver of the car and the girl were found on Wolf road.

According to the story of the girls they had attended a dance near Western Springs. Failure of the brother of one of the girls to call for them, caused the girls to call a ride home from boys with whom they were acquainted.

Failure of gas marooned this car, when another car occupied by five youths arrived upon the scene. The latter offered to take the girls home, claiming that they lived within two blocks of their homes. At Melrose Park, the driver got rid of the other boys in the car and stopped at Speed's road house for refreshment and a drink, where he picked up two other Greeks. The attack followed.

Division Three Festival May 29

The annual festival for all the schools in division three will be held in the Glenview Forest Preserve Tuesday, May 29. A good program is being planned by Mr. Aken and the chairman of the three classes of schools. Class C schools consist of all one room schools and H. W. Cuddeback is chairman of this class. Class B schools consist of two and three room schools, and Jane Stenson is the chairman of this class. These chairmen will have charge of all the athletic events and appoint their own assistants in their class of schools. No two judges are permitted to serve if they be from the same school district. Judges will be selected by lot. There will be races for boys and girls, high and broad jump for boys, in all classes. Flag races and blind fold races for girls in Class C schools. Northbrook boys will cross bats with Morton Grove again for the championship in a five inning game and the Glenview girls will play the Niles Center team again this year.

Niles Center has won and lost a game to Glenview girls and the game this year will be a very interesting one. The ages in all Class A and B schools are as follows: Under 8, under 10, under 12, under 14, under 14, while the ages in Class C schools are under 9, under 12, over 12. Each teacher in class C schools and each principal in Class A and B schools have been given a copy of the rules and program of races, by the director of education or the chairman of their class of schools. The band has not been engaged at the present time but as soon as it is the announcement and program of the days events will be furnished the press.

The health contest, will begin probably before noon so as to be completed before the ball games start. There will be another game of ball in class B schools and the boys' and girls' teams that will play will be announced later.

That New York editorial writer who will make the keynote address at the democratic national convention ought to be in good position for a postoffice if his side wins.

MANY MATTERS BEFORE VILLAGE ALDERMEN

The Arlington Heights village board met Monday evening and transacted considerable business. We now have a duly authorized chief of police. Chief Skoog now holds that office by virtue of a regular ordinance. The board is still looking for well sites. Boy Scouts may be pressed into service as traffic cops.

A delegation of women from the Cepek subdivision south of Palatine road was present and asked for sewer in that territory. It is doubtful if sewers can be laid in that territory, but Mayor Flentie instructed the engineer to investigate and see if there is any way that they can be accommodated.

Mr. Proctor suggested that the village avail itself of the opportunity of securing the services of Boy Scouts as traffic officers. A new stop signal will be placed at the corner of Dunton and Campbell street which will require that all cars coming from either direction stop. This is a dangerous crossing and the village officials feel that it is better to act before any serious accident occurs.

The village board has traded in the old motor for a new one and Chief Skoog is as well equipped as any one to capture speeding cars, bandits, or other law breakers who take to their heels.

The village has received offers of two sites for a village well. The cost of the sites are less than \$1,000, but no money will be paid or site accepted unless a test well shows that water is available.

The official minutes follow:
Roll call five members present. Minutes of last meeting read and approved.

Finance committee reported favorably on bills amounting to \$1,436.66 which on motion were ordered paid.

Bills and payroll from May 7 to May 21:
Stevens, Maloney & Co., 500 loose leaf sheets \$ 60.00
Perf. Legal Blank Co., miscellaneous blanks 12.90

Street and sidewalks committee report that people on south side were putting in the necessary sidewalks and that the improvements on Mitchell and Belmont Avenues were progressing.

Street and sidewalks committee was given authority to have street lights installed where needed.

Finance committee reported favorably on Treasurer Bolte's statement of collection fees, amounting to \$2,639.28. On motion clerk was ordered to draw vouchers for same.

On motion police committee was instructed to get more data from Mr. Proctor concerning the aid of boy scouts in regulating traffic.

President Flentie appointed the following judges and clerks for election which on motion were confirmed by the board: Judges W. G. Meyer, A. Dieball, and G. Volz, clerks Alex Lips, H. C. Bolte, and L. Clark.

An ordinance No. 455 for chief of police was read and on motion rules were suspended and ordinance placed on its passage.

President Flentie appointed H. Skoog as chief of police for ensuring order.

On motion street and sidewalk committee was given authority to install overhead stop signal at Campbell and Dunton Ave.

An ordinance for paving South Mitchell between Harvard and Palatine road read and on motion rules were suspended and ordinance placed on its passage.

President Flentie appointed Con-soer, Older & Quinlan as engineers for widening N. W. highway. The appointment was confirmed by the board.

Question of site for drilling a well was referred to F. & W. committee.

On motion petition of Merle Guild Post to close the village to outside carnivals until after July 28 was granted.

On motion petition of N. W. band requesting they be employed as municipal band was granted. Meeting adjourned.

Another Department Building Is Planned

Rumors have it that the Des-Plaines Realty Co. is planning the erection of an apartment building at the corner of Vail and Eastman street. This property was recently acquired by this firm.

ARLINGTON HTS.

Late spring, of course it is, but isn't it fine?

Arlington Heights finds this good growing weather.

Mr. and Mrs. A. P. Volz left here Thursday for a motor trip to Michigan.

Born, a daughter, to Mr. and Mrs. Heinemann, Wednesday, May 16.

Mr. and Mrs. Gustave Heidorn had their infant son christened Donald Gustave, by their pastor, in their home last Sunday evening. They entertained a group of friends and relatives in honor of the event.

Mrs. Nancy Loeb, who had been the guest of Mrs. Margaret Harris, the past two weeks, returned to her home in Berwyn last of the week.

Mr. Martin Strand, whose eye was injured by a nail, which flew and struck it, when he meant it to go into the wall, was so much better he returned to his work this week.

Mr. and Mrs. Wm. Wilke and son, went to Chicago, to witness the Cubs game Sunday afternoon.

Mrs. Leidorf and son from Sandusky, Ohio, have been visiting her mother, Mrs. Olsen, and her sister, Mrs. Albin Wieburg, on Foundry road this week.

Mr. and Mrs. George Peterson, Jr., and Mr. and Mrs. Harris, of Chicago, drove up to Wisconsin to spend the week-end with relatives.

Mr. and Mrs. Ralph Held entertained a family group in their home Sunday to celebrate the third birthday of their little daughter, Dolores, Wednesday.

Mr. and Mrs. Martin Wilke entertained relatives from Geneva Sunday.

Mrs. Albin Wieburg entertained a few friends in her home Wednesday to meet her sister, Mrs. Liedorf from Sandusky.

Mrs. Arthur Schoenbach was hostess to the sewing club Tuesday.

A group of friends were entertained most pleasantly Wednesday

afternoon in the home of Mrs. Margaret Harris, a belated birthday party in honor of Miss Sarah Harris' birthday, which occurred last week. It was all the better for the waiting.

Miss Gertrude Hiedorn is at present staying in the home of Mr. and Mrs. Sydney Allen, until she will join her parents in their Minnesota home.

Mr. and Mrs. Andrew Horcher drove into Chicago to see her brother's child, who was severely injured by being struck with a stone another boy threw at him. Think of such lawlessness.

Mr. and Mrs. W. W. Guild drove over to Warrenville, via Elgin, where they took the jellies contributed several boxes and baskets, the Women's Club, here to the soldiers in Elgin hospital. It proved a timely gift, as they were at a loss to know what to have for dinner.

Mr. D. G. Beaty, who has been shut in by an attack of flu, finds it irksome to sit by the window and see the weeds growing in his lawn and garden. Think what he'll do to those marauders when he gets out.

Dr. and Mrs. Elfeld and Miss Faust, with Mr. and Mrs. U. A. Reese, drove up to Lake Geneva and had a nice day picnicking and enjoying the beauties of the scene and the fine weather.

Mr. and Mrs. W. W. Guild drove over to Waukegan one day this week to visit the old home of Mr. Guilds early boyhood. The old place the homestead, and surrounding farms have not been invaded by real estate booms and remain much as he remembers them in the old days.

Mrs. Arthur McElhose is staying with her daughter, Florence, who is taking treatment in an Elgin hospital.

Minnie Noyes returned to school this week after some days of absence on account of illness.

Mr. and Mrs. Frank Wasser from Chicago spent Sunday with Mr. and Mrs. Herman Boeger and family.

Mr. Herman Beitz was kept at home by a severe attack of illness several days this week.

Help Wanted—Both men and women, for kitchen work at the race track. Also clerks and other help. (5-22)

Mrs. Garthe entertained a group of thirty-two ladies from her old church at Jefferson Park Friday of last week. The entertainment was luncheon and bunco and "500." The ladies were so charmed by Arlington Heights, they decided everyone to come here to live at some time soon.

Miss Elizabeth, daughter of Mr. and Mrs. Wm. Kelle and Mr. Wilbur Wagner were married Wednesday, May 3, at 8 by the Rev. Father Gall.

The Warner family came out from Chicago to call on the H. C. Cleveland and found them absent. Each woman of the Presbyterian Ladies Aid will have an opportunity to celebrate her birthday next Thursday afternoon at the church.

Geranium, Verbines, Petunias, cabbage and tomato plants ready for planting out now at the Wulff Greenhouse, Hickory St., East of Arlington Seating Co., Arlington Heights. (6-1)

A decidedly forward step was taken in the development of our congregation, when the voters in the special meeting of last Sunday unanimously resolved to call a fifth male teacher for our Christian Day School. It has been apparent for some time that the present faculty of four teachers was not adequate to do justice to the high 250 children in the school. Out of consideration for our energetic teachers and for the efficiency of the school the congregation decided to call a graduate male teacher for the new school year in September. The school board was authorized to suggest names of available candidates for the office.

Sunday is Pentecost, the birthday of the Christian church. On that memorable day nineteen centuries past the Spirit of God filled the hearts of the first missionaries with power and faith, and thus equipped them to undertake the stupendous task of evangelizing the world. Looking back at the feeble beginnings in the city of Jerusalem and comparing them with the world wide influence of Christianity just a few centuries later, we are compelled to behold in the wonderful growth of the Christian faith a power from on high, active in the missionary labors of the early followers.

The Spirit of God is still the moving force in the preaching and missionary labors of the church, indeed, no real spiritual life can be produced and maintained without His divine influence. It is therefore proper to set aside one Sunday of the church year to commemorate and recognize by a special service the life-giving power of the Holy Ghost.

The Lutheran church will celebrate two services on Pentecost Day. The German service under the direction of Rev. C. M. Noack will begin at 9:45 a.m. and the English with one address by Rev. H. C. Fricke at 11 a.m. You are cordially invited to worship with us in homage to the Spirit of God. "We preach a changeless Christ in a changing world!"

Chicago, May 24, a program in the interest of better motoring is presented every noon and from 8 until 9 Friday evening from the WBBM Air Theater, Chicago. The musical feature of the evening program is an orchestra known as the Inland Service Men, directed by Guy Lombardo. Listeners to these programs may obtain complete touring information for their contemplated tour by addressing WBBM, Chicago.

Says Christianity Is True Doctrine

By Prof. Theo. Graebner, Concordia Seminary, St. Louis, Mo.

Christianity, and I have in mind historic Christianity, which accepts the Bible as its inspired and infallible guide, has every reason to feel satisfied with the present state of the evolutionary controversy. When people have a difference, the first condition of a settlement is a clear definition of the points at issue between them. As regards evolution the controversy which is now under way has brought out beyond contradiction the fundamental disagreements which are involved. No longer is the half-way station possible. No longer can we take our evolution modified by Christianity. No longer can we take our Christianity modified by evolution. When a Yale professor says (in Science, October 1926), that "man is not a specially created being placed here to dominate over all the previous inhabitants of this globe"; and when Genesis and the Bible throughout maintains exactly the opposite of what is here asserted—there is no possible bridge between these statements. It is either evolution or Christianity, but not a compromise between the two. There is no compromise between contradictions. So much is clear.

Yet this is not the same as saying that religion and science, theology and reason are at war. It is not science on the one hand, represented by the evolutionist, and the enemies of science on the other, represented by theology and the church. The difference is one between scientists and scientists. Today there is no definition of evolution, on which even a majority of scientists are agreed. The so-called laws of evolution, considered as established facts even thirty years ago, are in the discard. The very fundamentals of evolution are being contested by schools of almost equal strength. The universe, how did it originate? The Nebular Hypothesis is still the answer of some, while the plantesimal theory is vigorously defended by others. What better thing for the church today than to sit by while these people settle their differences? Does the animal transmit to its offspring favorable variations acquired during life? The disciples of Weismann say No. The disciples of Kaemmerer say Yes. While these disciples of evolution quarrel among themselves, why should the Church make it her concern to decide the question for them? Concerning such structures as the poison glands of snakes, the human eye, the origin of instinct, there are about as many theories as there are writers on these subjects. Only one theory can be right. All may be wrong. So much only is clear that science, reputable science, by the testimony of its own spokesmen, has only scratched the surface of natural phenomena. As for the statement of evolution's laws, we have the words of Professor Bateson's Toronto address: "We must start all over again." Particularly regarding the origin of man the most serious difference has developed between Professor Osborne and the older school of anthropologists. What reason have Christians to give up the Biblical account of Creation so long as evolutionists themselves are not agreed as to the substitute which they would offer?

I believe that Bible Christians will be satisfied with the present state of the controversy. The

Franklin Park Police Chief Resigns; Will Take An Easier Job

How many hours a day constitute a days work for a chief of police? Officer Krotz at Franklin Park, is not going to attempt to answer that question any longer. He is thru with a police job that has no sleeping hours. He handed in his resignation to the village board Monday night and will lay down his Franklin Park police star at the end of this month.

When asked the "why for" Mr. Krotz said that it would not have been so bad if after working all day, he could sleep at night, but the general public thinks that he can be called at any hour of the day and night. It was either his family, or the job. He decided to stick with the family and "to heck" with such a job. There is probably no one who would blame a man for making such a decision. Those night phone calls that awake not only him, but the entire household were too much to stand any longer. He has several positions under consideration and may remain in uniform but not on a 24 hour beat.

Price of eggs in the United States is affected by the civil war in China. The American hen, good within 150,000,000 dozen of producing enough eggs to meet domestic demand. Consequently we have to import eggs from China—tens of millions of dried or frozen kind. China's strife has interfered with these shipments. That is one reason why eggs were higher this winter, it is said.

OBSERVER'S NOTES

So many people say that I should write plain truth and ask me why. Of that goes, I don't speak out. And write things all should know about.

Well, frankly friends it's just this way. Truths you require if I should hint. They would eliminate my say; And never let it get in print.

Yes just like that, even in small matters it doesn't do to write all some would like to hear, for instance: Mrs. Wm. Penn, gave a luncheon to a few friends, can you imagine the comments by those left out, if they knew their names were not in the printed list?

A certain politician was told by a mutual friend that Paul Jones said he would not support him for alderman. Now there is no friendship

in that trio. If Observer should write some even of a mite of the honest truth about people we know, someone would have to leave town.

Read about that Englishman in New York, lecturing, who exclaims in his most impressive un-English English "Who are your great writers?" If I had been in that audience, I should have risen in great dignity to reply, "N. M. Banta, J. Y. Beatty, and me. O, yes and a score or two of real estate advertisers."

Once there was a censor, He got a hold of Spencer; And he said that dope couldn't spell.

He was just about as funny, As Will Shakespeare with Gene Tunney, And his understanding, Just about as "swell."

Just as some one wrote last week Chicago is trying to clean out crime and her criminals are scattering in to near by suburbs. Great excitement in our streets at the grand sleuths. With stars and guns, scenting out a murderer in hiding. Now watch for trials and court proceedings, long drawn out, and in the end a summer bower in the rest cure hotel.

Letters from California friends this week fair, make our eyes ache for a sight of those magnificent colorful roses. California has a feast of beauty in the roses, while we are reveling in lilac blooms and fragrances. By and by we shall have roses as beautiful as our limited appreciative faculty can assimilate.

So glad our dear old friends have the freedom from cold and snow out there in that land of sunshine. This last year we had seven months of keeping the "home fires burning" and raised a most cheering crop of coal bills. We are now just rollicking with the birds in the joy of spring, which will round out into summer in a month. O, well, there are compensations and our out of doors weather is grand while it lasts.

One more splendid gesture of self sacrifice by our local firemen, which is sure to be appreciated by all who have ever served this village in an official capacity. It seems they offer their service as election officials free at a special election, to be held June 2, for the purpose of voting on a bond issue to purchase a new fire company truck. Hope they get the truck.

Say brethren, aren't we setting a rather bad example for the young people in our churches by our rather lame financial management? Going into debt and assuming heavy obligations, conducting the business of the church in a manner that would put a business organization on the blink in no time. Is this fine ethics? Is it right and Christian principles? Another question: Are we carrying on a commercial enterprise, instead of a Christian church? Think on these things.

Ever been in a large company of school, church, or other friends, and wished for a suitable place where all might dine together, and have everything served in a satisfying attractive manner? Glad to say we have just such a place right here in Arlington Heights.

Some time this month the teachers of our district high school staged a contest called "The Treasure Hunt." Of the thrills and high points in that game I do not know the details. This I do know, that after their exciting hunt was over the group of backers and their friends, to the number of twenty-seven, went to the Town Pump, and enjoyed a well spread supper, dished out to the queens' taste. Wasn't that fine?

Everybody is expecting a hot old time in the old home town, when June comes in. Brides, June weddings, graduates, will be as nothing in the shadow of the race track. The wonderful crowds it is to bring

to this locality in June. How trade will be boomed. How real estate will be boomed and O how the place will grow.

One thing is sure and certain, already Arlington Heights is beginning to realize the need of vigilant, policing and of vigilance in regard to homes, streets and strangers. We are too often credulous, especially where get-rich-quick schemes are presented. We need to use discernment, and be sure to bet on the winner.

Everybody, nearly, had a birthday in May and one dear little stranger came in to the Lester Dobbins home to go so soon, and some of us whose birthdays were in May have lingered long and found friends, deeper knowledge and wonderful beauty all the long, and often lonely way.

And though I know not where, His islands lift their fringed palms in air; I only know we cannot drift, Far from His love and care.

I'm going down the sunset path, Following the light ahead; I've left the roughest road behind, There's nothing now to dread. I've struggled on for many a mile, Bearing my mortal load; Sunshine and shadow flecked the way, Love somehow smoothed the road.

Sharp brambles caught and held me fast, At times they pricked me on; I've laughed and wept, I've gained and lost, Hoped, suffered, failed and won.

There is a boundry line ahead, It's crossing must be made; And be it near, or be it far, I do not feel afraid.

Though I must cross it all alone, There'll be a light to guide, And loved ones there to meet me when, I reach the other side.

Speaking of "Birdie" Traub's success in a large eastern city, brings to mind the fact that there are now three or four of our Arlington Heights young men in Philadelphia and other cities east. In the city of Brotherly Love, James Teller and Willard W. Kates are in business; Albertus Traub is in Pittsburgh; Gus Neimeyer is in the east. Then there is our young Medie, Dr. Persis Elfled in the east also.

While all who have gone out from Arlington Heights are creditably carrying, we could wish they were here building big business in Arlington Heights. There are in the west some of our young men who are climbing high in things commercial. Earl Watson in Iowa, who made a big start in Chicago. Out in California, James and Irving Chapman are leading a big paving project and succeeding grandly. How wise it is to see many of our bright young graduates and students doing things. Practical, worthwhile things, not all crawling into professions.

One of our more recent residents visited Oak Park recently and came home quite enthusiastic over the number of squirrels over there, so frisky and tame they would eat out of your hand. Why, dear friend, Arlington Heights has been a resort for squirrels for years. They used to come and steal corn from our chickens, and our dear centenarian friend, Mrs. Mary Kennick, had a squirrel that came every day, for her to feed it. After she was kept in her bed she had a plate just out side her window, where her pet would come every morning for her to give him his breakfast. O, yes, we have squirrels, many of them.

Our chorists are on the wing, Mockbird, brown thrush and meadow lark; Hark! Now their cheerful songs they sing, Right out of winter's dark.

Far set against a radiant sky, A wondrous dome of blue; Lilies, gold-green and poplars high, Cherry and pear blooms too.

Picture right there a cottage small, Like red and gray-brown stone; Rimmed in by elms and poplars tall With ivy over grown.

O, weary heart, with sun kissed bloom, Scent smothered every sigh; How is there any aching room, For grief or tear dimmed eye.

For tears, regret, or evil thing, When heavens doors open so wide; We hear the angels dance and sing, Bidding us glimpse inside.

Give me a simple cottage latch, With walls like rainbow shown; A heart to these impressions match With thanks quite overflow.

I care not for the house at all, So noble trees still rise; 'Tis better than some stately hall,

BENSENVILLE

The Capout family had a friend from Oak Park visiting them Sunday.

Tuesday evening the fellows from Bensenville who take swimming lessons regularly at the Elgin Y. M. C. A. witnessed quite an exciting and nerve racking accident. A large Pierce Arrow skidded off the road and turned over in the ditch. The machine landed on its top and the occupants were thrown several feet from the vehicle. However none of the passengers were injured. Mr. Moore, the "Y" representative took charge of things and the boys turned the machine on its side so that one of the occupants could crawl out. What might have been fatal, turned out to be only a shaking up.

Mr. and Mrs. B. I. La Salle have a visitor with them from out of town. The guest is Mr. La Salle's father. He does not know just how long he will remain with us, but he likes the quiet and serenity of our little city.

A little girl from Bloomingdale, who is related to Mr. Leonard Runge, was quite seriously injured in an automobile accident Sunday afternoon.

The O'Keefe family have changed their residence. They inhabited the new flat building near the public school awhile, but they have decided to move.

More grand to human eyes.

Our chorists are on the wing, The mockbird, thrush and meadow lark; Hear how their morning anthems sing, Open the doors, hark! hark!

Though I must tread and earth bound floor, Feathered by sordid things; I'll open wide the outer door, And watch for angel wings.

—Elinore Crisler Haynes.

cided in favor of a change in scenery and so they departed for new dwellings Monday morning.

Mrs. Sullivan, who has been absent several weeks visiting friends out of town, is back with us again and we are all certainly glad that she is here.

Mr. Deneen, who so seriously injured himself a few weeks ago when he fell down a flight of stairs, is entirely well now and has taken up his position at the Round House again.

Miss Myrtle Franzen was seriously hurt Tuesday morning. She received quite a severe sprain in her finger and was unable to make use of it for some time. She was taken to a hospital at once after the incident had closed, and the finger was closely examined to detect whether infection had set in or not. Myrtle declares that the finger does not pain in the least, but after having seen the swollen member one is rather inclined to doubt her statement.

The Merwitz family, Orchard avenue, had several guests from Milwaukee Sunday afternoon.

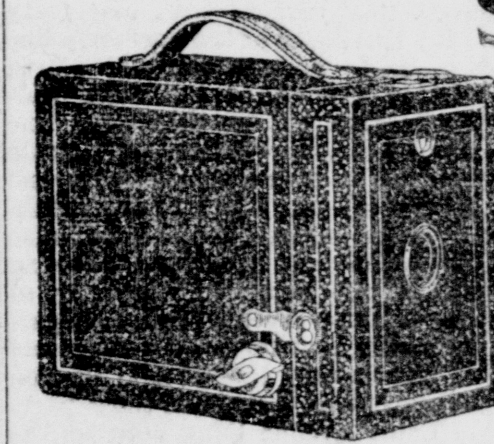

The Kase family, owners of that fine home and farm on York road just north of Irving Park Blvd. have sold it. We hope that they will locate somewhere in our community.

The swimming team is having all kinds of experience. This week they were delayed in getting home. The "old bus" burned out a bearing. But it seems the more excitement the merrier. The fellows were compelled to hire a truck to return to Bensenville.

Mrs. Wm. Rands, Mrs. Dave Rands and Mrs. Leslie Knowles attended the Cubs-Boston ball game at Wrigley Park Friday, and they haven't stopped talking about that game yet. They are real Cub fans and enjoyed the way their favorite team captured the game.

The James O'Keefe family moved into their own new home on Addison street Monday.

NATIONAL CAMERA WEEK SPECIAL

GENUINE EASTMAN
No. 2 HAWK-EYE
Model C
Box Camera
PICTURES 2 1/4 x 3 1/4
Regular Price \$1.25
THIS WEEK ONLY 89c

A FREE Subscription to "KODAKERY" given with each Camera
This is National Camera Week
... a Good Time to Start a Permanent Picture-Record

If you haven't a camera arrange to get one during National Camera Week and start taking pictures of the interesting events which come up every day in everyone's life. Snapshots taken today become priceless in the future. If you own a camera decide right now that this year you will take snapshots as you go—that you will keep them in an album—that you will build a permanent picture record for the future.

A Good, Reliable Camera at a Price Within Reach of All

So that everyone who wishes may have a camera, the Master Photo Finishers of America make this regular Eastman box camera available during National Camera Week at a price well within the reach of all. It is a good roll-film box camera making 2 1/4 x 3 1/4 pictures. Get yours this week while they last—at the very special price.

All the mechanism is in here!

GENERAL ELECTRIC Refrigerator

Every bit of the mechanism of the General Electric Refrigerator is enclosed in the air-tight steel casing which is mounted inside the coils. There's no machinery underneath, inside, or in the basement. There are no exposed moving parts whatsoever.

General Electric engineers, in fifteen years of intensive research and experiment, found this top-unit design most efficient—and most economical to operate. No

heat is generated under the refrigerator, it all rises above. This cuts down current consumption.

The all-in-one unit also does away with all problems of installation. We merely have to lower the mechanism into the top of the cabinet and plug it into any convenience outlet. Come in and see the various models. And write us for a descriptive booklet. Time payments can be arranged, if you wish.

of at least seventy thousand (70,000) pounds per square inch, and a yield point of at least fifty thousand (50,000) pounds per square inch.

SPECIFICATIONS

All filling materials shall be free from animal and vegetable matter and of such a nature that after compacting by rolling as herein specified, will not deteriorate so as to cause any greater subsequent set-

tlement, than surface clay, free from animal and vegetable matter, compacted in a like manner. All materials removed by cutting shall be used as far as possible in the formation of the fills, provided that such materials meet the requirements herein specified for filling materials.

The sub-grade, being that portion of the improvement upon which the street pavement and curb and gutter are to be placed, shall be so graded that when the same is thoroughly compacted by rolling with a roller of five (5) tons weight, and that when the pavement and curb and gutter are placed thereon, the surface of the finished pavement and curb and gutter shall be at elevations as shown on the plans hereto attached.

The space outside of the street roadway between the back of the curbs and the street lines, except the place where there are existing sidewalks, shall be graded level from the top of the curb for a distance of one (1) foot away from the curb, and thence shall slope up or down to meet the existing ground at the street line. Where there are existing sidewalks, the space back of the curbs shall be graded evenly from the top of the curb to a point one (1) inch below the top of the sidewalk.

SPECIFICATIONS FOR CONCRETE CURB AND GUTTER: The combined curb and gutter herein provided shall consist of a concrete curb and gutter flag completely constructed as a monolithic unit. The curb and gutter shall be constructed at places, and as, and to dimensions as shown on the attached plans. Concrete curb and gutter shall be composed of volume of one (1) part Portland cement, two (2) parts fine aggregate and three and one-half (3 1/2) parts coarse aggregate, and shall be mixed in the same manner as hereinafter specified, for pavement concrete.

When mixed, the concrete shall be placed at once in the forms erected for constructing curb and gutter. The concrete shall then be tamped and spaded until a thin coat of mortar is against the forms and no coarse aggregate will show when the forms are removed.

Before the top and roadway face of the curb and gutter have begun to harden, the forms shall be removed and it shall be made smooth by floating and troweling. The combined curb and gutter shall be so built that the elevations of the top of the curb and gutter and the elevations of the curb line shall conform to the elevations shown on the attached plans.

All Portland cement combined curb and gutter shall be connected to the pavement slab by means of round, deformed steel bars as shown on the attached plans.

The Portland cement, fine and coarse aggregate, reinforcing steel and water for combined curb and gutter shall meet the requirements herein specified for these materials.

PAVING SPECIFICATIONS: The concrete pavement herein provided shall be composed by volume of one (1) part Portland cement, two (2) parts fine aggregate and three and one-half (3 1/2) parts coarse aggregate. These ingredients shall be mixed in a batch mixer, and the mixing shall continue until the same are uniformly distributed, and the concrete is uniform in color and homogeneous, and only sufficient water shall be added to produce concrete which can be spread into position with a trowel, but the amount of water used shall not be sufficient to permit a separation of the coarse aggregate from the mortar in handling the concrete, and said concrete shall be of a consistency such that the mortar will flush to the surface under light tamping. The mixing of said concrete shall continue in the drum of the mixer not less than one minute, and the drum shall be completely emptied before receiving material for the succeeding batch. The drum shall revolve at the rate of speed of not less than twelve (12) revolutions nor more than sixteen (16) revolutions per minute. The mixer shall be provided with an accurate positive automatic water measuring device, also with an automatic timing device, and shall be of the boom and bucket delivery type.

The method of measuring the materials for concrete, including water, shall be such that insure uniform proportions of each of the materials at all times.

Expansion joints shall be placed not less than thirty (30) feet apart nor more than thirty-six (36) feet apart in the pavement herein provided for, unless otherwise shown on the plans. Said joints shall be one-half (1/2) inch in thickness and shall be filled with an asphaltic felt extending from the bottom surface to a height of one-half (1/2) inch above the surface of the pavement. A similar joint in the curb shall be placed directly in line and continuous with the joints of the pavement.

Said expansion joints shall meet the requirements herein specified for these materials herein described.

Slip dowel bars shall be made of round, smooth, steel bars and shall be placed across and through all transverse expansion joints herein provided for as shown on the plans attached. Around the end of each bar shall be placed a length of metal pipe of one (1) inch internal diameter. Said metal pipe shall be placed so that it surrounds the dowel bar for four (4) inches of length of the metal pipe, and so that the metal pipe shall extend four (4) inches beyond the end of the dowel bar. Each dowel bar and each piece of metal pipe for each dowel bar shall be dipped in medium grade lubricating oil before being placed in the work, and afterwards the metal pipe shall be plugged with cotton waste before the bars are covered with concrete. Said dowel bars shall be placed as shown on the plans.

The steel for dowel bars called for in this improvement shall meet the requirements for Reinforcing Steel herein described. The concrete pavement shall be reinforced with steel mesh fabric and with steel bars as hereinafter specified, and as shown on the plans. All bar reinforcement shall be placed in position as shown on the plans, during the construction of the pavement.

After mixing, as hereinbefore specified, concrete shall be deposited right upon the sub-grade first within two (2) inches below the top of the finished pavement. The steel

wire mesh reinforcement as hereinbefore specified, shall be then placed flatwise thereon, after which there shall be deposited enough concrete to bring the top surface of the concrete to the required finished grade. Adjacent pieces of said fabric shall be lapped at least six (6) inches.

The surface of the concrete pavement shall be struck off and brought to the established grade by means of a strike board or rule. As soon as possible after the concrete has been struck off, it shall be rolled with a metal roller having a smooth, even surface, approximately six (6) feet in length, not less than eight (8) inches in diameter, and weighing not less than sixty (60) or more than one hundred (100) pounds.

Said roller shall be divided vertically thru the center so that one (1) inch is left to allow rolling on both sides of the projecting joint filler. The roller shall pass from one edge to the other of the pavement. After the roller has covered a given area in the manner described, the same area shall be covered by the roller for not less than three (3) times at intervals of fifteen (15) to forty (40) minutes, depending on weather conditions.

After the rolling has been completed, the paving shall be finished by two (2) applications of a belt made of canvas, eight (8) inches wide and two (2) feet longer than the width of the pavement. The belt shall be applied with a combined crosswise longitudinal motion.

A bridge to span the width of the pavement shall be used to finish the joints with a wooden board, no part of which bridge shall come in contact with the finished work.

The surface of the concrete pavement for a distance of eight (8) inches on each side of the joint filler shall be finished with a metal trowel, and the concrete shall be finished sufficiently hard, and the edges of the joint shall then be quarter rounded with an edging tool having a radius of one-quarter (1/4) inch, and the surface on each side of the joint for eight (8) inches shall then be given a brush finish.

After the concrete pavement has been finished as above described, it shall be protected from the sun and wind with frames covered with canvas. In case the pavement dries too rapidly, resulting in hair cracks or checking of the surface, the canvas shall be laid directly upon the concrete and the canvas shall be kept flat. As soon as practicable, after the concrete has taken its final set, and not later than 10 o'clock A. M. of the day following the placing of the concrete, all canvas shall be removed and the entire pavement surface shall be uniformly covered with flakes of granulated calcium chloride applied at the rate of not less than two and one-half (2 1/2) pounds per square yard, of slab spread by a squeegee or suitable mechanical device, so that a uniform distribution is obtained. All lumps shall be broken and uniformly distributed over the slab or entirely removed.

When the average daily temperature is below fifty degrees (50 degrees) F., the calcium chloride may be omitted, but the edges of the pavement shall be thoroughly banked with earth and the entire surface of the pavement covered with at least two (2) inches of earth for a period of two (2) weeks. Payment shall be kept close to traffic for twenty (20) days after it has been constructed.

No pavement or combined curb and gutter shall be constructed when the temperature is below thirty-three degrees (33 degrees) F.

The Portland cement, fine and coarse aggregate and water herein provided to be used shall meet the requirements hereinbefore described for these materials.

SEGMENTAL PORTLAND CEMENT CONCRETE BLOCKS: Segmental Portland cement concrete blocks for valve vaults, and inlet catchbasins shall be composed of a mixture by volume of one (1) part Portland cement, two (2) parts fine aggregate and three and one-half (3 1/2) parts coarse aggregate, graded from one-quarter (1/4) inch down. The blocks shall be six (6) inches (6") in thickness, seven and five eighths (7 5/8) inches in height and twelve (12) inches in length, said blocks to be laid in Portland cement mortar as herein specified.

The Portland cement, fine aggregate and coarse aggregate and water herein provided to be used shall meet the requirements herein specified for these materials as herein specified for Reinforced Portland Cement Concrete Pavement.

The mixing of the concrete for said blocks shall meet the requirements for "Mixing Concrete" herein provided for Reinforced Portland Concrete pavement.

PORTLAND CEMENT CONCRETE: Wherever Portland cement concrete is specified in the plans and not specifically described, the said concrete shall be of the proportions by volume as specified on the plans. The materials for and the mixing of said concrete shall meet the requirements herein specified for the Reinforced Concrete Pavement.

STEEL PROTECTION PLATES: The steel protection plates herein provided for the reinforcement of Portland concrete pavement shall be provided, shall be steel two (2) and one-half (2 1/2) inches in width, weighing at least one and one-half (1 1/2) pounds per foot of length, and shall be equipped with steel anchors at least four (4) inches long, each having a cross sectional area of 1/4 square inch. Said anchors to be placed twelve (12) inches apart, centers, along the length of said plate. Said plate shall be placed along the unprotected edges of the pavement where shown on plans, with the width of said plate perpendicular to the surface of the finished pavement, and the top edge of said plate conforming in elevation to the top surface of the finished pavement, and said anchors extending into the pavement at right angles to the said plate. No part of said anchors to be less than one (1) inch from the surface of the finished pavement. Said protection plate with anchors to be installed at the time the concrete pavement is placed.

SEPARATE CURB: The materials for and the mixing and placing of the concrete for the separate curb where required, shall meet the requirements herein specified for combined curb and gutter.

Said curb shall be constructed according to details as shown on the said plans.

ENGINEERING AND INSPECTION

For the purpose of constructing this improvement in accordance with the elevations, dimensions and positions as herein provided for, the grades and lines of construction shall be given by use of stakes and other devices as the work progresses; and to protect those benefited by this improvement from the use of improper material and poor workmanship, all material shall be inspected and all labor performed shall be supervised. To this end, the Board of Local Improvements shall employ the necessary competent engineers, inspectors and superintendents during the construction of the work.

GENERAL

All of the said work shall be done in a good and workmanlike manner, under the supervision of the Board of Local Improvements. After the work is completed, the same area shall be covered by the roller for not less than three (3) times at intervals of fifteen (15) to forty (40) minutes, depending on weather conditions.

After the rolling has been completed, the paving shall be finished by two (2) applications of a belt made of canvas, eight (8) inches wide and two (2) feet longer than the width of the pavement. The belt shall be applied with a combined crosswise longitudinal motion.

A bridge to span the width of the pavement shall be used to finish the joints with a wooden board, no part of which bridge shall come in contact with the finished work.

The surface of the concrete pavement for a distance of eight (8) inches on each side of the joint filler shall be finished with a metal trowel, and the concrete shall be finished sufficiently hard, and the edges of the joint shall then be quarter rounded with an edging tool having a radius of one-quarter (1/4) inch, and the surface on each side of the joint for eight (8) inches shall then be given a brush finish.

After the concrete pavement has been finished as above described, it shall be protected from the sun and wind with frames covered with canvas. In case the pavement dries too rapidly, resulting in hair cracks or checking of the surface, the canvas shall be laid directly upon the concrete and the canvas shall be kept flat. As soon as practicable, after the concrete has taken its final set, and not later than 10 o'clock A. M. of the day following the placing of the concrete, all canvas shall be removed and the entire pavement surface shall be uniformly covered with flakes of granulated calcium chloride applied at the rate of not less than two and one-half (2 1/2) pounds per square yard, of slab spread by a squeegee or suitable mechanical device, so that a uniform distribution is obtained. All lumps shall be broken and uniformly distributed over the slab or entirely removed.

When the average daily temperature is below fifty degrees (50 degrees) F., the calcium chloride may be omitted, but the edges of the pavement shall be thoroughly banked with earth and the entire surface of the pavement covered with at least two (2) inches of earth for a period of two (2) weeks. Payment shall be kept close to traffic for twenty (20) days after it has been constructed.

No pavement or combined curb and gutter shall be constructed when the temperature is below thirty-three degrees (33 degrees) F.

The Portland cement, fine and coarse aggregate and water herein provided to be used shall meet the requirements hereinbefore described for these materials.

SEGMENTAL PORTLAND CEMENT CONCRETE BLOCKS: Segmental Portland cement concrete blocks for valve vaults, and inlet catchbasins shall be composed of a mixture by volume of one (1) part Portland cement, two (2) parts fine aggregate and three and one-half (3 1/2) parts coarse aggregate, graded from one-quarter (1/4) inch down. The blocks shall be six (6) inches (6") in thickness, seven and five eighths (7 5/8) inches in height and twelve (12) inches in length, said blocks to be laid in Portland cement mortar as herein specified.

The Portland cement, fine and coarse aggregate and water herein provided to be used shall meet the requirements hereinbefore described for these materials.

SEGMENTAL PORTLAND CEMENT CONCRETE BLOCKS: Segmental Portland cement concrete blocks for valve vaults, and inlet catchbasins shall be composed of a mixture by volume of one (1) part Portland cement, two (2) parts fine aggregate and three and one-half (3 1/2) parts coarse aggregate, graded from one-quarter (1/4) inch down. The blocks shall be six (6) inches (6") in thickness, seven and five eighths (7 5/8) inches in height and twelve (12) inches in length, said blocks to be laid in Portland cement mortar as herein specified.

The Portland cement, fine aggregate and coarse aggregate and water herein provided to be used shall meet the requirements hereinbefore described for these materials.

SEGMENTAL PORTLAND CEMENT CONCRETE BLOCKS: Segmental Portland cement concrete blocks for valve vaults, and inlet catchbasins shall be composed of a mixture by volume of one (1) part Portland cement, two (2) parts fine aggregate and three and one-half (3 1/2) parts coarse aggregate, graded from one-quarter (1/4) inch down. The blocks shall be six (6) inches (6") in thickness, seven and five eighths (7 5/8) inches in height and twelve (12) inches in length, said blocks to be laid in Portland cement mortar as herein specified.

The Portland cement, fine aggregate and coarse aggregate and water herein provided to be used shall meet the requirements hereinbefore described for these materials.

SEGMENTAL PORTLAND CEMENT CONCRETE BLOCKS: Segmental Portland cement concrete blocks for valve vaults, and inlet catchbasins shall be composed of a mixture by volume of one (1) part Portland cement, two (2) parts fine aggregate and three and one-half (3 1/2) parts coarse aggregate, graded from one-quarter (1/4) inch down. The blocks shall be six (6) inches (6") in thickness, seven and five eighths (7 5/8) inches in height and twelve (12) inches in length, said blocks to be laid in Portland cement mortar as herein specified.

The Portland cement, fine aggregate and coarse aggregate and water herein provided to be used shall meet the requirements hereinbefore described for these materials.

SEGMENTAL PORTLAND CEMENT CONCRETE BLOCKS: Segmental Portland cement concrete blocks for valve vaults, and inlet catchbasins shall be composed of a mixture by volume of one (1) part Portland cement, two (2) parts fine aggregate and three and one-half (3 1/2) parts coarse aggregate, graded from one-quarter (1/4) inch down. The blocks shall be six (6) inches (6") in thickness, seven and five eighths (7 5/8) inches in height and twelve (12) inches in length, said blocks to be laid in Portland cement mortar as herein specified.

The Portland cement, fine aggregate and coarse aggregate and water herein provided to be used shall meet the requirements hereinbefore described for these materials.

SEGMENTAL PORTLAND CEMENT CONCRETE BLOCKS: Segmental Portland cement concrete blocks for valve vaults, and inlet catchbasins shall be composed of a mixture by volume of one (1) part Portland cement, two (2) parts fine aggregate and three and one-half (3 1/2) parts coarse aggregate, graded from one-quarter (1/4) inch down. The blocks shall be six (6) inches (6") in thickness, seven and five eighths (7 5/8) inches in height and twelve (12) inches in length, said blocks to be laid in Portland cement mortar as herein specified.

The Portland cement, fine aggregate and coarse aggregate and water herein provided to be used shall meet the requirements hereinbefore described for these materials.

SEGMENTAL PORTLAND CEMENT CONCRETE BLOCKS: Segmental Portland cement concrete blocks for valve vaults, and inlet catchbasins shall be composed of a mixture by volume of one (1) part Portland cement, two (2) parts fine aggregate and three and one-half (3 1/2) parts coarse aggregate, graded from one-quarter (1/4) inch down. The blocks shall be six (6) inches (6") in thickness, seven and five eighths (7 5/8) inches in height and twelve (12) inches in length, said blocks to be laid in Portland cement mortar as herein specified.

The Portland cement, fine aggregate and coarse aggregate and water herein provided to be used shall meet the requirements hereinbefore described for these materials.

SEGMENTAL PORTLAND CEMENT CONCRETE BLOCKS: Segmental Portland cement concrete blocks for valve vaults, and inlet catchbasins shall be composed of a mixture by volume of one (1) part Portland cement, two (2) parts fine aggregate and three and one-half (3 1/2) parts coarse aggregate, graded from one-quarter (1/4) inch down. The blocks shall be six (6) inches (6") in thickness, seven and five eighths (7 5/8) inches in height and twelve (12) inches in length, said blocks to be laid in Portland cement mortar as herein specified.

The Portland cement, fine aggregate and coarse aggregate and water herein provided to be used shall meet the requirements hereinbefore described for these materials.

SEGMENTAL PORTLAND CEMENT CONCRETE BLOCKS: Segmental Portland cement concrete blocks for valve vaults, and inlet catchbasins shall be composed of a mixture by volume of one (1) part Portland cement, two (2) parts fine aggregate and three and one-half (3 1/2) parts coarse aggregate, graded from one-quarter (1/4) inch down. The blocks shall be six (6) inches (6") in thickness, seven and five eighths (7 5/8) inches in height and twelve (12) inches in length, said blocks to be laid in Portland cement mortar as herein specified.

held at the same place on the same date, immediately on the adjournment of said Committee Meeting.

All persons desiring may also attend the meeting of said President and Board of Trustees, and make any representations or objections they desire relative to said contemplated improvement and said Recommendation, Estimate and Ordinance and the Report of said Committee, at which meeting of said President and Board of Trustees it is contemplated that action will be taken on said Ordinance.

JOHN C. MEIER,
Village Clerk of the Village of Tessville, Cook County, Illinois.

NOTICE OF PROPOSAL FOR BIDS
Village of Tessville
Special Assessment No. 35

NOTICE TO CONTRACTORS:
Sealed bids will be received by the Board of Local Improvements of the Village of Tessville, for constructing lead water service pipes in Lowell Ave., and other streets in the Village of Tessville, Cook County, Illinois, until the 7th day of June, A. D. 1928, at the hours of 8 o'clock P. M. at its office in the Village of Tessville, at which time and place said bid will be publicly opened and declared.

Said improvement shall be constructed and made in accordance with the Ordinance providing for the same and the maps, plans, profiles and specifications for the same on file in the office of the Village Clerk.

Proposals must be made on blanks furnished by said Board and in compliance with instructions hereto attached, which can be had on application to the Secretary of the Board of Local Improvements and must be accompanied by cash or by a certified check payable to the order of the President of the Board of Local Improvements, in his official capacity, certified by a responsible bank for an amount not less than ten per cent (10%) of the total amount of the bid. A deposit of Twenty-five (\$25.00) Dollars will be required for bidding sheets.

The contractor shall be paid in bonds and vouchers drawn against the special assessment bearing interest at the rate of six per cent (6%).

No bid will be received unless the party offering it shall furnish evidence satisfactory to the Board of Local Improvements that he has the necessary facilities, ability and pecuniary resources to fulfill the conditions of the contract and execute the work should the contract be awarded to him.

Bidders will examine the Ordinance, maps, plat, plans, profiles and specifications and also the location in which said work is to be done and judge for themselves all of the circumstances and surrounding conditions affecting the cost and nature of the work.

The successful bidder will be required to furnish a bond equal to one-third of the contract or total bid as required by law.

The Board of Local Improvements reserve the right to reject any and all bids as authorized by law.

JNO. C. MEIER,
Secretary, Board of Local Improvements, Village of Tessville, Cook County, Illinois.

Dated Tessville, Illinois, May 25th, A. D. 1928. (5-25)

NOTICE OF PROPOSAL FOR BIDS
Village of Tessville
Special Assessment No. 36

NOTICE TO CONTRACTORS:
Sealed bids will be received by the Board of Local Improvements of the Village of Tessville, for constructing vitrified tile pipe house drains in Lowell Ave., and other streets in the Village of Tessville, Cook County, Illinois, until the 7th day of June, A. D. 1928, at the hours of 8 o'clock P. M. at its office in the Village of Tessville, at which time and place said bid will be publicly opened and declared.

Said improvement shall be constructed and made in accordance with the Ordinance providing for the same and the maps, plans, profiles and specifications for the same on file in the office of the Village Clerk.

Proposals must be made on blanks furnished by said Board and in compliance with instructions hereto attached, which can be had on application to the Secretary of the Board of Local Improvements and must be accompanied by cash or by a certified check payable to the order of the President of the Board of Local Improvements, in his official capacity, certified by a responsible bank for an amount not less than ten per cent (10%) of the total amount of the bid. A deposit of Twenty-five (\$25.00) Dollars will be required for bidding sheets.

The contractor shall be paid in bonds and vouchers drawn against the special assessment bearing interest at the rate of six per cent (6%).

No bid will be received unless the party offering it shall furnish evidence satisfactory to the Board of Local Improvements that he has the necessary facilities, ability and pecuniary resources to fulfill the conditions of the contract and execute the work should the contract be awarded to him.

Bidders will examine the Ordinance, maps, plat, plans, profiles and specifications and also the location in which said work is to be done and judge for themselves all of the circumstances and surrounding conditions affecting the cost and nature of the work.

The successful bidder will be required to furnish a bond equal to one-third of the contract or total bid as required by law.

The Board of Local Improvements reserve the right to reject any and all bids as authorized by law.

NILES CENTER

Mrs. R. Thoma and children and Mrs. Otto Mayer of Chicago spent Saturday with the Rev. J. J. Mayer family.

Relatives from Chicago spent Sunday with the Oscar Wenzel family.

Mr. and Mrs. Herbert Baumann entertained several relatives at their home on Oakton street Sunday afternoon and evening.

Mr. and Mrs. John Kossow and Mr. and Mrs. Carl Kutz of Evansville were guests of Mr. and Mrs. August Kutz Sunday.

Mr. and Mrs. George Kenning had a house full of company Sunday.

The annual school festival for Division 3 is to be held Tuesday, May 29, at Riverside.

Mr. and Mrs. Herman Brei and children spent Sunday with Mr. and Mrs. Fred Jettmann at their home on Harbors road.

Mrs. W. L. Wolters and son, Harold, enjoyed the program at the Northshore theatre Friday evening.

Miss Muriel Hansen of Chicago spent Sunday with Miss Ruby Drucke.

Mr. and Mrs. Harry Boyd had relatives from Chicago as their guests Sunday at their home on Laramie street.

Mr. George Horwath is at Cook County Hospital in Chicago, where he had his appendix removed.

Mrs. Albert Buttmann entertained several ladies and children at her home on Oakton street Friday afternoon.

Mrs. Patrick Gaylor of Evanston spent Friday afternoon in Niles Center.

The Inter-Club played "500" at Mrs. Henry Vogt's Thursday evening. The winners were: Mrs. William Weisenbach, Miss Elsie and Mae Stielow.

Mr. and Mrs. Henry Schlote entertained Messrs and Mesdames Schlote, Sr., Albert Tegebank, S. Spitzer, Fred Welti and W. L. Wolters at dinner Saturday evening at their beautiful new home on Keating avenue. The evening was spent playing "500" and high scores were Mr. and Mrs. W. L. Wolters and Mr. and Mrs. A. Tegebank. Mr. and Mrs. Schlote, Sr., accepting consolation.

Several relatives were entertained by Mr. and Mrs. Edward Wagner Thursday evening in honor of the former's birthday.

Rev. and Mrs. J. J. Mayer attended a golden jubilee at Bloomington Sunday, Rev. Mayer being one of the speakers.

Eugene Mayer has returned from his trip to Europe.

Mrs. Florence Freund and Miss Doris Bockius motored to Rockford Saturday to attend the May Queen festivities at the college and to visit Miss Elizabeth Freund.

Mrs. Bockius is a graduate of the college and visited a former teacher there with whom she plans to tour Europe this summer.

Miss Elizabeth Stielow and Miss Carrie Harrer are getting their summer homes in order for the season and find the change to the quiet country restful.

Mr. Armin Mayer was at Springfield, Ill., most of this week on business.

Mrs. Emma Harrer entertained the Harmony club, consisting of 16 guests of friends in Chicago.

Holy Communion will be celebrated in St. Paul's church Sunday morning. Pentecost Monday there will be English services at 7:30 p. m.

Mrs. Frank Schweitzer visited Mrs. Marie Wohlbrandt Sunday afternoon.

Mr. and Mrs. Fred Kottke visited Mr. and Mrs. Henry Wasmund in Evanston Monday evening.

Several ladies attended the card party given by the Welfare Club of Morton Grove school at the Lincoln Tavern Tuesday afternoon.

The directors of Fairview school society of Niles Center, have called another special election for Saturday, June 2. Polls open from 12 noon to 7 p. m. to vote on the proposition to sell the present site to buy a tract near corner of Touhy avenue and Carpenter road and build a modern school house thereon.

Said improvement shall be constructed and made in accordance with the Ordinance providing for the same and the maps, plans, profiles and specifications for the same on file in the office of the Village Clerk.

Proposals must be made on blanks furnished by said Board and in compliance with instructions hereto attached, which can be had on application to the Secretary of the Board of Local Improvements and must be accompanied by cash or by a certified check payable to the order of the President of the Board of Local Improvements, in his official capacity, certified by a responsible bank for an amount not less than ten per cent (10%) of the total amount of the bid. A deposit of Twenty-five (\$25.00) Dollars will be required for bidding sheets.

The contractor shall be paid in bonds and vouchers drawn against the special assessment bearing interest at the rate of six per cent (6%).

No bid will be received unless the party offering it shall furnish evidence satisfactory to the Board of Local Improvements that he has the necessary facilities, ability and pecuniary resources to fulfill the conditions of the contract and execute the work should the contract be awarded to him.

Bidders will examine the Ordinance, maps, plat, plans, profiles and specifications and also the location in which said work is to be done and judge for themselves all of the circumstances and surrounding conditions affecting the cost and nature of the work.

The successful bidder will be required to furnish a bond equal to one-third of the contract or total bid as required by law.

The Board of Local Improvements reserve the right to reject any and all bids as authorized by law.

JNO. C. MEIER,
Secretary, Board of Local Improvements, Village of Tessville, Cook County, Illinois.

Dated Tessville, Illinois, May 25th, A. D. 1928. (5-25)

ladies at her home Wednesday at one o'clock luncheon. High score in 13 games of 500 was over 5000 made by Mrs. Janet Ramke. Mrs. Ella Tess, Mrs. Mary Landeck and Mrs. Louise Klehm followed in order. Miss A. E. Klehm accepted consolation.

A considerable party of Niles Center ladies attended the Morton Grove school welfare party given in the spacious and artistic dining hall of the Lincoln Tavern and had a lovely time.

Mrs. William Warkentien called on her daughter, Mrs. Albert Buttmann Wednesday afternoon.

Mrs. Louis Wagner of Floral Av. is spending a few days with her niece in Chicago.

Mrs. Hintz, mother of Mrs. Paul Gross died at the home of another daughter, Mrs. Stahl in Oak Park. Funeral services will be held today Rev. Detzer officiating. Interment at St. Paul's cemetery.

Mrs. E. Shepherd has returned to her home here after a long visit with her sister, Mrs. Mae Wallace at Grant Park.

The program given by the LaSalle Male Quartet and Bell Ringers under the auspices of the St. Paul's Waltham League was well rendered and enjoyed by all attending.

The ladies of St. Paul's Aid held their regular monthly meeting in the assembly room of the church Sunday afternoon.

Friends from out of town were guests of Mr. and Mrs. John England over the week-end.

The bunco party given by St. Paul's Aid was a huge success, both financially and socially. There were 57 tables filled in spite of the rainy evening. There were many beautiful prizes.

Mrs. Phoebe Biederstadt motored to Milwaukee with friends Sunday morning, to spend the day with relatives.

Theodore Gottmann, Sr., and family were guests of Mrs. F. Detzer Sunday afternoon.

The monthly birthday party for the ladies was held Wednesday afternoon, May 23, in the assembly hall of St. Paul's church, the ladies whose birthdays are in May, acting as hostesses.

Ring Out, Ye Bells!

Honor June Bride
At Oriental Theatre

"Harold Teen" Roms merrily across screen in gay comedy. Mark Fisher, the Maestro of Jazz at the Oriental theatre, will dedicate his next stage show beginning Sunday, May 27, to those couples who will "take the leap" in June, and entitle it, "Here Comes the Bride."

June! The magic month, where, in love-sick youths select the one and only girl, and thereby commit themselves to a life term of imprisonment. It is the month of ecstasy, combining blissful happiness with disillusion. This, and more, is contained in the one word "June," and that month is waited for by many of America's younger generation, whose "tactics" are the bane of their parents' existence. Frisky elopements, and solemn weddings both take place during this enchanting month, with its full moon, lingering shadows and full blown flowers.

"Harold Teen," which has been the incentive for many fads and fancies of the flaming youths of today. "Leaving Leans," and garterless cowboys will ash their reckless misadventures across the silver sheet, to cause howls of laughter and glee. Arthur Lake has the role of Harold, with Mary Brian as the demure, but not-so-dumb, Lillums. "Giggles," the bantering and pert blonde, will be impersonated by Alice White, of "Gentlemen Prefer Blondes" fame, while "Gramp" Teen is in the person of Jack Duffy, the spry, bearded gentleman of Christy comedies. Lucien Littlefield has the role of "Pop" Jenks.

"Harold Teen" will furnish to both young and old the cleanest comedy and longest laughter of any film of the year.

Bremen Fliers Aid In
Giving "Top o' World"
Treat Norshore Fans

Chicago having been a perfect bery of excitement for the last three weeks, with the names of Fitzmaurice, the Baron, and Koehl flying from mouth to mouth, Al Kvale and his jazz colleagues have also become enthusiasts, and their aerial turn of mind will be seen when they stage their next offering at the Norshore, beginning Sunday, May 27 entitled "Top o' the World."

It will be a fast, zipping production, mingled with peppy dances and scintillating floods of music, characteristic of the present era in which we are living. Al and his gang will leap from one cloud to another, leading their admirers into a perfect haven of melodious synchopation and harmony. Minds will grow hazy as they are carried into a crooning oblivion, and harmony will reign along the Gay White Way.

"Sorrel and Son"
At Uptown Theatre

"Sorrel and Son" is the touching story of the love and devotion between a father and son. The action takes place in England during the post-war period when British gentlemen, returning from war, forced to accept the most menial tasks to support their families.

Adler, Weil and Herman, known as 'The California Humming Birds' on the stage and in their Victor records.

Bennie Krueger and his orchestra will stage a mammoth spectacle at the Uptown theatre, when they present "Roman Nights." This latest production is a stunning stage sensation, of mingled comedy and spectacular grandeur, coming to a smashing climax in a thunderous and realistic chariot race, performed on the stage.

The said petitioners, by their attorney, S. S. Hansen, shall move the court to enter its order declaring the said proposed district duly organized under the provisions of an act to provide for the "construction, reparation and protection of drains, ditches and levees, across the lands of others for agricultural, sanitary and mining purposes, and to provide for the organization of drainage districts." Approved and in force May 29, 1927, and all acts amendatory thereto, and appointing three competent persons as Commissioners, each of whom shall hold his office until his successor is appointed as provided by law, to lay out and construct said proposed work, and to enter any and all other orders which to the court may seem meet.

YOU AND EACH OF YOU ARE HEREBY FURTHER NOTIFIED that you have a right to appear and offer any competent evidence for or against the organization of the proposed Feehanville Drainage District, and that said petition will be heard by his honor, Edmund K. Jarcecki, Judge of the County Court, Cook County, Illinois, in the Room usually occupied by him as a Court Room in the City of Chicago, Cook County, Illinois, at the June Term, of the 19th day of June, A. D. 1928, at 10 o'clock A. M., or as soon thereafter as this cause can be heard.

Dated this 25th day of May, A. D. 1928.

ROBERT M. SWEITZER, (Seal)

Clerk of the County Court, Cook County, Illinois.

Billie Dove's "Yellow Lily" Due at Chicago

"The Yellow Lily," Billy Dove's latest starring vehicle for First National gives the American film audience all that it could possibly wish in the way of picturesque, alluring foreign locale, striking human types, quaint customs, and "different" love-making!

The beautiful screen star is at her best as a Hungarian maiden who is pursued, "by fair means and foul," by an Archduke. Miss Dove gives a truly great performance. So does Olive Brook, who plays the Archduke.

The plot is full of thrills and new twists, and there's an exotic flavor even in the fine photography. Striking character types abound in the east and colorful costumes, imported from Hungary, carry on the spectator's illusion that he is in the land of the Magyars.

"Araby," the stage production which also comes Monday, is a gorgeous and luxuriant series of scenes from the harems of Arab chieftains. Lovely dancing girls of the pashas will be seen in the colorful trappings of Oriental life.

Public Units Built
By Nation's Foremost

The arrival of John Murray Anderson's most ambitious stage offering, "Roman Nights," at the Chicago theatre this week, beginning May 21, and due to go to the Uptown and Tivoli theaters successively during the following two weeks, points the extravagant lengths to which Public stage productions are going in their determination to give patrons the most unusual stage entertainment in the history of theaters.

Anderson's new production is created on a scale which this noted producer reached in his celebrated "Greenwich Village Follies" and builds titanic settings of ancient Rome which burns before the spectator's eyes and in whose Coliseum chariot races thunder, with real horses really racing. Roy Cropper of "Student Prince" fame and Phyllis Rae, of "She's My Baby," will head the exceptionally large cast.

Each week of the year a production from some one of the corps of Broadway stage production notables reaches the Balaban & Katz theaters.

No such array of genius in one organization, producing, steadily, one complete new show each week has ever been assembled in the history of the theater before this. Under the direction of Sam Katz, president of Public theaters, the productions now coming to the Balaban & Katz theaters represent an outlay of money such as the theater world heretofore has never dreamed of.

Radio Party By
Chevrolet Division
Of General Motors

Another big radio party will be given by the Chevrolet Division of General Motors on Monday evening, May 28, according to announcement made here today by George Zander, Chevrolet dealer in Arlington Heights.

"Music in its most appealing forms, rendered by a remarkable group of instrumental and vocal artists, will give the radio listeners a treat such as is seldom offered in one hour," said Mr. Zander. "One of the best male quartettes on the air has been secured. In addition there will be two nationally famous soloists—Olive Kline, soprano, who is known to every phonograph owner from the thousands of records she has made, and Lewis James, popular radio tenor. The instrumental background will be furnished by three organizations, each of which is distinctive in its field. One is a combined concert and dance orchestra directed by Roderic Graham; one is Joe Green's well known novelty band, which has popularized itself during the past season in the General Motors Family Parties, and the other is Goldman's Band, led by Edwin Frank Goldman."

The nature of the program to be presented by the foregoing will attract the attention of all music lovers, according to Mr. Zander. It will be a "Richard Rodgers Hour." Rodgers is the twenty-six year old musical genius who wrote "Poor Little Rita Girl," which was produced when he was only seventeen. Since then he has composed the music for other Broadway successes, including "Dearest Enemy," "Girl Friend," "Peggy Ann," "A Connecticut Yankee," "She's My Baby" and "Present Arms."

On Monday evening Rodgers himself will be heard in the Chevrolet Hour. He will play the best known selections from his own musical plays on the piano, supported by the vocal and instrumental artists on the program.

The entertainment will be heard over a network of the following stations:

WEAF, New York; WEEI, Boston; WTIC, Hartford; WJAR, Providence; WTAF, Worcester; WCSH, Portland; WLIT, Philadelphia; WRC, Washington; WGY, Schenectady; WGR, Buffalo; WCAE, Pittsburgh; WTAM, Cleveland; WWJ, Detroit; WSAI, Cincinnati; WGN, Chicago; WJTM, Milwaukee; KSD, St. Louis; WCCO, Minneapolis; WOC, Davenport; WHO, Des Moines; WOW, Omaha; WDAF, Kansas City; KVOO, Tulsa; WFAA, Dallas; WHAS, Louisville; WSM, Nashville; WMC, Memphis; WSB, Atlanta; WBT, Charlotte; WJAX, San Antonio; KPRC, Houston.

The program follows:

El Capitán Band
Selections from A Connecticut Yankee Rodgers

Ensemble, including Band, Orchestra, Quartet, Lewis James, Olive Kline and Mr. Rodgers at the piano.

TREND OF THE
TIMES

Famine conditions in the Chinese province of Shantung are so bad that children are being offered for sale by their destitute parents, boys of six selling in some cases at \$5, according to a cable message received from the Famine Relief Commission of Peking by the Federal Council of churches. Half a million of Chinese are starving and 4,000,000 more are threatened with the same condition if the situation continues for two months.

Women are gradually getting all the wealth of the world in their hands and in the next century will dominate the world, experts on financial statistics declare. Figures from various sources show that forty-one per cent. of all checking accounts in the country are in the names of women, either alone or jointly with men. In the Eastern states it is found that eighty per cent. of all savings accounts are in the names of women. Psychologists attribute the movement of wealth to the fact that the average woman's span of life is ten years longer than that of men and that since women love power they will dominate the world at the beginning of the next century.

FOR SALE—6 rooms

MT. PROSPECT

The "Jolly Bunch" met at the home of Mrs. Albert Busse on Wednesday. Bunch was played and a lovely lunch served. Although it poured all afternoon, all members were present. It was moved and seconded that five dollars would be donated to a certain poor family, and ten dollars to the Lutheran Mission. An outing was planned to Sylvan Lake, for some time in June.

The Shotts, Meeskes, Petersens and Haakes left for a fishing trip Saturday night and returned Tuesday evening with a lot of fish stories.

Mt. Prospect was well represented at the installation of the new pastor of the Fairchild Lutheran church, Rev. Art Streufert. The Rev. J. E. Mueller and Rev. C. Eissfeldt assisted at the installation. The service was followed by a social gathering at the parish hall, where the ladies of the congregation had prepared a delicious supper.

Mrs. Dreyer, who has been nursing a sick lady for the past four months, has returned home. Mrs. Dreyer is the representative of, and the able worker for the Lutheran Kinderheim at Addison.

Hip, hip, hurrah for our baseball team, for on Sunday they short changed the Indiana Bank team of Chicago by three scores, the final score being ten to seven. Lefty Larsen occupying the mound for the home nine.

A "Juvenile Party" was given at the home of Mr. and Mrs. Dresser, on Saturday evening. Part of the evening was passed playing "500." Later on it was a case of "Turn backward! Oh time! in your flight, and make me a child just for tonight," as the "bunch" donned juvenile apparel and indulged in "kiddish" pranks, cappers and games. "Dud" opined that the ladies looked charming as they danced, leave it to Dud, he knows his onions. These kids certainly obeyed their parents, and came home very early in the morning.

Quite a few of our folks enjoyed the play "Such A Girl" at the Lutheran school auditorium at Arlington Heights on Saturday evening. Mr. and Mrs. Martin have the

sincere sympathy of their many friends in the serious illness of their little daughter, Norma. It is the hope of us all that she will soon be well again.

The Monday, Tuesday and Thursday night bowling league members held their banquet at Rand Tower on Thursday evening. The attendance was good, and everyone enjoyed the evening.

Big Memorial Day Program at Aurora

A program of seven high class races, featured by the In Memoriam handicap for a purse of \$2,500, has been arranged for Memorial day, Wednesday, May 30, at the Aurora races. General Manager Clifford R. Trimble is making arrangements to care for a crowd of 30,000 or more as all indications point to a record breaking attendance on the holiday. Two years ago there were close to 25,000 persons at the track on Memorial day.

The pick of the 800 horses stabled at the Fox Valley course will compete in the big handicap race. In addition to the \$2,500 purse for the winners General Manager Trimble announces that \$250 will be given to the trainer of the winner, \$150 to the trainer of the second horse and \$100 to the jockey riding the winner. The distance will be a mile and a sixteenth and if track conditions are right horsemen predict that a new record for the distance will be established.

Other races on the holiday program will be a five and one half furlong dash for three year olds, purse \$1,000; six furlong event for three year olds, purse \$1,000; five furlong dash for two year old fillies, purse \$1,100; five and one half furlong for three year olds and upward, purse \$1,100, one mile for three year olds and upward, purse \$1,000 and mile and one eighth for four year olds and upward, purse \$1,000.

Optimistic Outlook

Man's evolution, a scientist tells us, is a reaction to his necessities. This encourages us to hope that he will eventually evolve into a box turtle that an automobile tire will go over without injury.—Boston Transcript.

Bids Are Opened On Centerwood Subdivision

At the Board of Local Improvement meeting called on Tuesday, May 22, for the purpose of opening bids on pavement of Centerwood subdivision. The contract for this work was awarded to Milburn Bros., they being the low bidders at \$48,120.60.

The attorney for Mr. A. Pick, owner of the subdivision, was present at the opening of the bids and approved the matter as decided by the Board of Local Improvement. He was also pleased with the fact that the contract was awarded to Milburn Bros., as he has seen considerable of their work and has not heard any complaints about them. This is saying a good word for a real paving concern.

The Country club subdivision is beginning to look real neat now as the paving is being put in and it will add considerable to the beauty of the village.

Wm. Busse & Son Make Improvements

William Busse & Son are having their parts department of the garage put in shape by a man from the Buick factory, who is acquainted with every part and putting it in a place where the parts man has easy access to it.

Another thing they have started is a card system by which they credit the purchasers of 100 gallons of gasoline and 6 quarts of oil with \$1.50 in trade. This is quite an acceptable offer to the man who uses either of these items and is increasing the sales of both articles to a great extent. This firm is doing everything possible for the benefit of their customers and they are being in turn given the confidence of the customers who are their satisfied advertisers and boosters.

Mt. Prospect A. C. League Wins Sunday

The Mt. Prospect A. C. made it three straight when they defeated the Bucknell A. C. 10-8. Slim Larsen, having an 8 run lead, let down a bit in the 6th and Bucknell scored 6 runs. Outside of that inning he pitched a steady game, striking out 12 men. Ham Haas, with a triple and 2 singles, and Bill Flesch and Roy Haas, with three singles, were the big guns of the attack. Carl Kloppe also hit a triple.

Long Grove Next
Next Sunday the boys travel to Long Grove. Hank Holst, a former Mt. Prospect player, will do the coaching for Long Grove. As this is the strongest team they have met, the team needs a lot of encouragement. So all you rooters come out and see Mt. Prospect make it 4 straight.

Mrs. Edward Wittke Entertains at Elmhurst

A delightful time was had Sunday at the home of Mr. and Mrs. Ed. Wittke of Elmhurst, Ill., when the sisters, cousins and friends got together and showered her with a complete set of green enamel kitchen ware.

Everyone played "500" and after the game, the guests were invited into the dining room, which was beautifully decorated in pink and white with a dainty shower umbrella at each end of the table. A very delicious luncheon was served.

More games were played, and then Mr. Ed. Wittke played the concertina and all joined in dancing and left after having had a fine time.

John D. Rockefeller has a new great-grandchild, which is doubtless more important to him than all his millions.

Next decade, in the opinion of aeronautic experts, may see the rigid lighter-than-air craft developed to the point where they will be as numerous on the air lanes as airplanes are today. A number of countries have already completed or are building huge air-liners to accommodate scores of passengers and appointed with conveniences equal to those of ocean steamships.

And now the date is very near at hand. The Junior Senior banquet is to be held at the Mohawk Country Club Friday evening, May 25. We do hope the affair turns out successfully under the management of the Junior Class and the capable instruction of Miss Rilling, domestic arts teacher.

A grand carnival is to be held in our town. A great deal of space is to be devoted to the occasion and every possible entertainment available is going to be offered for your amusement. This carnival is being sponsored by a large group of Bensenville patrons and if you want to enjoy yourself thoroughly treat yourself to this novel event. It will hold over several weeks, so if you cannot attend one evening, you can certainly do so in two or three weeks' time. There will be selective acts of vaudeville included in the program and there are also a host of other things which will greatly amuse and entertain everyone. These bits of pleasure have all been provided for you, so show your appreciation and watch for the date of the opening.

We young folks of Bensenville wish to make a plea for another tennis court. There is only one court in town, and as tennis is practically the only recreation possible here during the summer months, we could use to advantage one or two more courts. Please, someone, try to help us out of this predicament.

BENSENVILLE

James O'Keefe, having tired of paying rent has purchased the beautiful brick residence built last fall on Addison street by Harold Franzen. Many friends are glad to see them comfortably located in their own home.

Ed. Bartholome and Carl Sorensen, both members of the clerks union, went to Columbus, Ohio, Friday to attend a few days session of that order's convention.

One of the most artistic pieces of work that we have seen lately is the handsome 32 room bird house that Mr. J. C. Geils has just completed and erected on a 20 foot tower in his yard. The entire house and structure are hand made and took Mr. Geils several weeks to complete. The next time you stop at his garage, on York and Wood streets, get your gas tank filled just take the family around the corner and let them see this wonderful piece of workmanship. It will be worth your while.

Eleanor, Ruth and Winifred Tompkins spent the week-end with their grandmother in Oak Park. The girls who are all in school remain at home during the week with their father while mother is in the hospital.

Many Bensenville people took advantage of the beautiful weather Sunday and autoed to different places of recreation to spend the day.

Mr. Fred Marshall has returned from Elmhurst hospital, where he has been operated on the eye, where a cataract had grown over the eye and had to be taken off so he could see again. He is now able to see everything that is before him. Many friends all wish him the best of luck and hope when he comes home he can see again.

Mrs. Edward Horn returned from Wisconsin Tuesday morning. She was called there last week by the illness of her mother and sister. She reports leaving them much improved.

Mrs. Warren Lee, on May Street, has been somewhat under the weather, but is now improving nicely while her grown son, Henry, is sick. Don't forget to witness the ball game at Bensenville next Sunday.

Watch the Herald next Tuesday for a description of the boxing bout Thursday evening.

Last Saturday afternoon Miss Lurell Ball, Mrs. Marion Rand's niece, celebrated her 10th birthday and several of her little friends attended a party given for her by her aunt with whom she makes her home. A most enjoyable time was had and all departed wishing her many more of the same.

Residences on Pine avenue may not be going up in price just now but some of them are being raised into the air. Mr. Horn, corner of Pine and York has just had his building raised and a concrete foundation basement poured underneath it and now H. K. Pederson, the house moving man from River Grove, is placing blocking under the home of Mr. Malkin, corner of Pine and May streets. Raising of these two houses adds greatly to the beauty of the street as well as increasing the value of the property.

Miss Gertrude Mohr spent the week end visiting friends in South Chicago.

The S. S. class of which Miss Lila Kolza is the teacher had a leap year party at the home of Rev. Rander Monday evening. A real pleasant time is reported by the young people who attended.

William Koebelman left Monday for Pekin, Ill., where he is a delegate from Friedens church, to a convention being held there this week.

Les Van Weddinger of Appleton, Wis. dropped in on the Weinberg family for a few days visit. He had not seen the family in several years and they spent most of the time talking over old times.

Mathew Wermisla, 9 years old, who resides on George street between the county line and York St., met with a painful accident this week when he was playing with some other boys and ran into a barbed wire fence cutting his lip to the extent that Dr. Oakes had to take several stitches to close the wound.

The fields for the Herald and Examiner Piano contest were held for our Bensenville pupils Tuesday and Wednesday evening; Alice Rander and Dorothy Peck playing Tuesday night; Selma Fischer and Charles Earhart contending Wednesday night. Alice was the lucky recipient of a silver medal and thought Dorothy did very nicely, there were others who came in just a bit ahead of her. Wednesday evening Selma Fischer was rewarded, also, with a silver medal. Alice and Selma will both compete in the district contest for gold medals. Here's hoping they will be successful.

And now the date is very near at hand. The Junior Senior banquet is to be held at the Mohawk Country Club Friday evening, May 25. We do hope the affair turns out successfully under the management of the Junior Class and the capable instruction of Miss Rilling, domestic arts teacher.

Summer Art Theatre Returns to Ravina

The North Shore known throughout the world for its Summer Opera is adding to its artistic institution a Summer Art Theatre.

Arrangements have been made to bring Ivan Lazareff and his Chicago Art Theatre Company to the new Ravina Auditorium in a series of productions on Wednesday and Friday evenings, July 6 to August 1. There will be a new production every Friday evening.

This is the second season for the Art Theatre Company of the North Shore. Last year those of social and artistic temperaments found an evening at the Moraine Hotel Theatre very much to their liking.

The opening production is Dickens' tale of Merrie England "Crickets on the Hearth," with Ivan Lazareff in the part of John Peerybingle. The second bill, is a comical satire, "The Torch Bearers," by George Kelly. Other productions are "The Marriage of Balabanoff," by Ostrovsky and a series of sketches of Life.

Walter Dierking Silver Wedding

A most wonderful wedding was held at the home of Walter Dierking April 19, when Mr. and Mrs. Walter, were pleasantly surprised in honor of their 25th wedding anniversary by many relatives and friends, who brought many beautiful presents, wishing them many more years of health and happiness. Mrs. Dierking was equal to the occasion and served a delicious supper at midnight.

RIVER GROVE

An ordinance passed Monday, May 21, prohibits the sprinkling of lawns between the hours of 7 a. m. and 7 p. m.

Next Monday evening, May 28 a public hearing will be held at the village hall regarding the paving of Julian Terrace, Carey Ave., and River Terrace.

On Monday, May 21, the Illinois Cleaners and Dyers with various branches throughout Chicago and its suburbs was granted a permit to open a branch in the 8100 block on Grand Ave.

Rev. Karl Gabler of Milford, Nebraska, Mr. Ervin Deakas of Milford, Neb., and Mr. William Gabler of Syracuse, Neb., made a (non-stop flight) trip to visit Rev. Theo. Gabler and family of River Grove. They left Lincoln, Neb., 3:30 p. m. Sunday in a Whippet, driving all night they arrived in River Grove at 7 p. m. Monday evening.

They found 12 miles of mud thru Iowa which delayed them four hours. Their mascots were jack-rabbit ears on the radiator cap and a rabbit foot under the seat. Mike and Herman were debating whether a horseshoe brought more luck than a rabbit foot. Herman said it is better luck to be kicked by a rabbit than by a horse.

These three young men are very modest. In order to avoid the camera men and superfluous publicity they kept their visit quiet.

They will spend two weeks with Rev. Gabler and family.

Mr. Karl Danekas of Milford, Nebraska, who is attending the Chicago Technical College is returning home with them by way of St. Louis.

Mrs. Rev. J. Abele of Cook, Nebraska, who was in Buffalo, N. Y., to visit her sick brother returned from Buffalo, Wednesday morning and is spending several days with Rev. Gabler family before returning to Cook, Neb.

River Grove School

May 19, 1928, the play called "The Absent Minded Bridegroom" was given for the benefit of the River Grove school. \$60.75 was taken in and \$27.75 was taken out for expenses. The balance was \$33.00. The money has been put in the bank and will be used for the school this year and the next. We appreciate the kindness of the

cast for their efforts in which they brought off the wonderful play. Mr. Kellogg wishes to thank them all for the kindness and the thoughtfulness.

Last Friday a ball game was held at the River Grove diamond. The game was between Elmwood and River Grove. The score was 2 to 1. This game eliminated Elmwood Pk. for baseball championship.

Monday, River Grove played a game with Bellwood. Bellwood was the champion team from Proviso. River Grove won, the score being 8 to 2. This game also eliminated Bellwood from championship.

Wednesday May 23 the River Grove school closed attending the annual picnic at Schiller Park.

In the athletic events River Grove placed third and was awarded with a beautiful big banner. The girls played a game with the Franklin Park girls. River Grove lost, but had a very pleasant game with the girls.

River Grove Teachers Will Return Next Year

River Grove will have the same teachers as this year. The board of education of 84½ have re-engaged the present corps of teachers for another year. These teachers are looking forward with as much interest as the children and school patrons to the time when they will be able to enter the new school building.

The Herald has been asked to publish the following:

"The school board wants to take this opportunity to thank Mr. Kellogg and the teachers for their good work and efforts in the past and to assure them of their hearty cooperation in the coming year, when the same teachers will serve."

SCHILLER PARK

Misses Lydia Koby, Ruth Johnson, and Leona Welnske vacationed in Minneapolis, over the week-end.

Mrs. O. Granum and daughter, Gladys, left Saturday for a visit to their home towns in Minnesota and North Dakota.

Work is progressing rapidly on the Bohnsack Brick Co., which expects to begin operating about June 15. There will be an average of 300,000 brick made a day.

On account of increasing business the Wilcox Transportation found it necessary to purchase a new Yellow Coach, which will be bus No. 12.

The Kentucky Derby had nothing on the Schiller Park baseball team vs. the Black Triangles of Portage Park, for enthusiasm. Although the dark clouds were threatening, the game was well attended. The result was 21 to 10 in favor of Schiller Park. Let's all be out for the next game.

Miss Martha Kropp and Mr. R. P. Hedlund motored to Paris, Illinois Friday evening, to visit friends.

Mrs. C. De Rusa and Mrs. D. Drummond spent Wednesday afternoon at the Norsore theatre.

Friends from Schiller Park spent Sunday evening at Mrs. W. Welnski in Park Ridge. A delicious supper was served, followed by bunco, then danced till the wee hours of the morning, the occasion being Marion's seventh birthday.

Schiller Park baseball team defeated the Northwest Triangles Sunday, May 20, 21 to 12. Sunday, May 27, Schiller Park will play East Maine at Schiller Park. Everyone is looking forward to a tight game as the East Maine boys are considered good players.

The bunco given at the Community church basement Thursday, was a huge success. Everyone enjoyed the bunco and especially the good coffee and doughnuts.

Mrs. Schaefer entertained several relatives and friends at her home Sunday. A delicious supper was served, followed by bunco and games, the occasion being Mrs. Schaefer's birthday.

Mr. A. C. Topel will soon start building a new bungalow.

W. J. Smith and family of Franklin Park spent Sunday with Mr. and Mrs. A. Berglund.

Mrs. Andrew Johnson entertained the "500" Club Wednesday evening.

The Schultz family of Chicago spent Sunday with the Geo. Wahl family.

Chas. Lussow has returned from Oak Park hospital where he underwent an operation. He is getting along nicely.

WOODDALE

Mrs. Alex Schmidt visited Mrs. H. J. Franzen, Sunday.

Erick Link and two others, visited Wooddale in his new "Monster Speed Demon," May 20.

Benny Ruehr was seen riding a bicycle along Irving Park boulevard by our hawk-eyed reporter. Benny is from Chicago, and attends the Schurz high school with the reporter. This class of June '28 is quite famous.

Mrs. F. B. Churchill of Chicago and Gladys and Albert visited at the A. F. Rosenwinkel farm Tuesday.

Wooddale played Des Plaines Sunday and lost 7-6. Our boys are getting better and better. Perhaps if we bring out a record crowd and root for them, they will bring home the bacon.

Mr. and Mrs. A. Rosenwinkel attended a christening at the Hackmeister home in Addison Sunday, when Howard Hackmeister was christened.

Mrs. H. J. Franzen, Mr. August Dallmeier and Mr. and Mrs. A. P. Rosenwinkel attended the fiftieth anniversary at St. Paul's Evangelical church in Bloomingdale Sunday.

ADDISON

Baseball contest: Chicago Arrows vs. Addison, 11 to 9 in favor of Chicago.

Miss Louise Bucholz is suffering from a sort of a whooping cough. Lots of dandelions and rubarb are being "canned" here this spring.

Miss Wilhelmine Hartbart of White Rock, S. Dakota, is visiting at Modler's.

Addison ought to be a good location for a pawn shop, after the sewer is in.

Eunice Moeller celebrated her 7th birthday Sunday, May 20.

A big crowd gathered at Zions church Sunday to help celebrate the annual mission festival. Music was furnished by the old brass band as usual.

Bear Treichler was kept busy Sunday, jerking sodas, fixing sandwiches and cuping cones, as the mercury soared into the 80s.

Leonarda Lobello and Salvatore Junta, who peddled fruit here in the 1800, looked up some of their old time customers here Sunday, but found few left.

Otto Moeller had a golf ball and a midiron tattooed on his breast Saturday.

Band and Glee Club Credit to Leyden at Big Music Festival

Quite a number of parents and friends of the high school band and girls glee club, accompanied them to Barrington Wednesday, May 16, where they took part in the Northwest Conference Music Festival. The high schools of Arlington Heights, Bensenville, Palatine, Barrington, also took part. The bands especially of all the schools made a fine showing. Our band and glee club both were credit to their instructors, Mr. Hanna and Miss Biederman, and their school.

This was a no decision affair and there was no spirit of contest, just a festival.

A San Francisco man plans to take his present wife (the lady) and his second wife to Paris and "pitch a party" with his first wife, who lives in France. He has more nerve than any one man should have or less sense than any person out of an asylum should have.

First to Stage Sale of Poppies

The Veterans of Foreign Wars of the U. S., America's only organization of ex-service men open to all veterans who have followed the flag to foreign shores or hostile waters in war time, was the first to stage the sale of poppies on a nation-wide scale.

The seventh annual distribution of V. F. W. Buddy Poppies will be held during the week of Memorial Day, as in the past. Succeeding years have seen the wearing of the Buddy Poppy more widely entrenched as a fixed custom, the nation's gesture of remembrance and gratitude for those who sleep beneath the poppies in France.

"Honor the dead by helping the living," was the motive back of the plan introduced some years ago to have the V. F. W. Buddy Poppies made by disabled veterans in government hospitals. As a result the convalescent wards, for several months out of the year, present a scene of activity and endeavor, with patients busily putting together the flowers that are later offered to the public. Veteran Bureau officials have endorsed this method of procedure as a distinct benefit to the patients, stimulating their mental activities and diverting their thoughts from personal ills or worries. The veterans able to participate in this work are paid accordingly, and the extra money provides little necessities and luxuries they would otherwise be unable to enjoy.

General Frank T. Hines, director of the U. S. Veterans Bureau, has recognized this work as a valuable adjunct to the treatment of mental and nervous disabilities. The Buddy Poppy, its purpose and the work accomplished by the proceeds of its sale, has been approved universally, by the highest government officials, civic and patriotic authorities.

Buddy Poppies will be offered for sale by the Ladies' Auxiliary to Prospect Post in this village on Monday, May 28. Buy your poppy before leaving the town, thereby helping increase the relief fund of the local Post.

Bowlers Banquet At Rand Tower

Thursday night was a big night for the bowlers of Mt. Prospect, when they held their first annual banquet at the Rand Tower.

It goes without saying that a good time was had by all and that it was into the wee hours of the morning when they started homeward.

After a delicious banquet they danced to their heart's content to the music of the Black Cat's orchestra (Mt. Prospect's own).

The bowlers one and all are glad they took part in the leagues and expressed a desire to go into the affair again next season. It has been real sport and the type of sportsmanship a real fellow enjoys. Credit must be given the committee on arrangements for their work and a vote of thanks as well.

New leagues will be formed early in the fall and the bowlers had better keep in shape at the Recreation.

New Turkish law separates the church and the state in Turkey. The measure provides that Islam, no longer shall be the state religion and that the deputies in the National Assembly at Angora and state officials in the future shall take their oath of office on their honor instead of in the name of Allah. It is also provided that the National Assembly shall no longer be charged with the application of Sheriat law—law founded on the teachings of Mohammed and the Koran.

Pigs in Marble Sties

Pig sties of marble are becoming the thing in a district near Pretoria. Buildings cemented with pure white marble are also becoming common. Stone came to the best Purim marble has been found there, and because there is no transportation to get it to the outside world, natives are using it for local buildings.

Intention Is Everything

An evil intention perverts the best actions and makes them sins.—Addison.

Seed Corn
